Paris, July 24. (INS.)—Complete but unofficial tabulation today of the standing of the leading teams in the Olympic games, including the winter sports at Chamonix, shows the United States a winner by a wide margin. The Americans scored a total of 94 points. France was second with 64 and Sweden third with 43.

Other standings were:

Great Britain, 41; Finland, 34;
Norway, 31; Switzerland, 29;
Italy, 25; Holland, 19; Belgium,
17; Denmark, 17; Argentina, 13;
Uruguay, 10; Hungary, 8; Czechoslo-
vakia, 8; Estonia, 7; Austria, 6;
Romania, 4; Yugoslavia, 3; Spain, 3;
Australia, 3; Portugal, 2; South
Africa, 1; Haiti, 1; Egypt, 1; of one
point; Poland, 1/2 of one point.

480 Pittsburgh Saloons Found To Be Selling High Calibre Beer

Pittsburgh, July 24. (INS.)—There are 480 saloons in Pittsburgh that are selling beer that contains more than one-half of one per cent alcohol permitted by law, according to a report made today by Lieutenant of Police Cavanaugh of the vice squad, of the analysis made of 600 samples of beer taken in local saloons by Pittsburgh policemen last Monday.

Informations will be made against those selling beer containing more alcohol than the law allows. They will be signed by Cavanaugh.

PENNSY-GRAMS

Pittsburgh—William R. William, 60, alderman 15th ward member of the Allegheny county tax revision board will be buried here Wednesday afternoon. Mr. William died suddenly of heart disease at his home here Sunday morning.

Pittsburgh—An anti-vaccination mass meeting at a theatre building was held here yesterday and resolutions were adopted condemning the compulsory vaccination program here. A campaign will also be started to effect the repeal of the compulsory vaccination clause of the Pennsylvania medical law by the next session of the State Legislature.

Pittsburgh—Roy Smith, 27, negro, died at the Municipal hospital here yesterday from smallpox. He was admitted to the hospital July 18. One patient was also discharged from the hospital and 37 patients suffering with smallpox are at the institution.

Philadelphia—While her mother looked on, unaware of her identity, four-year-old Sophie Lynch was ground to death here beneath the wheels of a trolley car.

Philadelphia—Wading in the Delaware proved fatal to Catherine Sorlos 18, and Wanda Skowronski, 19, of this city, when they stepped into a deep channel at Andalusia, a suburb, yesterday. Neither could swim. Two young men with them were rescued.

Gettysburg—Harry Praltzgraf, burgess, and Frank Beckenrode, constable, of McSherrstown, are named defendants in a \$10,000 damage suit filed by Charles M. Keagy, who alleges he was arrested and jailed "without warrant or just cause."

Mr. and Mrs. Warren Maule motorist from Ridgewood, N. J., and are visiting at the home of Mrs. Maule's mother, Mrs. J. S. Hoyt.

20 BEARS CAPTURED IN MCKEAN COUNTY

Kane, Pa., July 28. (INS.)—McKean county is very "bear" and because of this farmers have been given permission by the State Game Commission to trap bears though it is closed season. The reason for the order is that the bears have become a menace to livestock on farms.

So far 20 bears have been captured and shipped to other points. Yesterday a 450-pound bruin was trapped near Kane.

HENRY CABOT LODGE VERY ILL; MAY NOT SURVIVE OPERATION

Boston, July 28. (INS.)—Senator Henry Cabot Lodge, of Massachusetts, one of the best known men in American public life, is in serious condition today in the Charles Gate hospital, following an emergency operation for bladder trouble.

Senator Lodge is 74 years old and the attending physicians feared that his advanced age might retard recovery. He was stricken at his summer home at East Point, Nahant, and removed to the hospital where his ailment was diagnosed as obstruction of the bladder.

Dr. John H. Cunningham decided that an immediate operation was necessary. It was performed at 4:30 o'clock Sunday afternoon. It was understood that the surgeon, in consultation with other practitioners, decided that another operation would be necessary.

Senator Lodge was resting as easily as could be expected during the morning. It will be probably 12 hours before the attending physicians can decide definitely whether the senator can recover.

Ever since his return from Washington a fortnight ago, Senator Lodge has been in precarious health and has been under the care of Dr. Frederick Winslow of Boston. He suffered a relapse Sunday and Dr. Cunningham was called in.

Dr. Cunningham, after examining the patient, decided that a quick operation was necessary. The senator was in great pain, and cheerfully consented to immediate removal to the hospital, which is a private institution.

After recovering from the effect of the anesthetic, Senator Lodge appeared cheerful. A bulletin issued just before midnight said that the senator's condition was "satisfactory."

Senator Lodge's general physical condition has been good for years, and he enjoys a strong constitution, which afforded the doctors with the chief hope for his ultimate recovery. The bladder affection, however, dates back for some time.

To inquiries at nine o'clock this morning, regarding Senator Lodge's condition, Dr. Cunningham, who performed the operation replied:

"Nothing much can be told for another 24 or 48 hours. He is in a serious condition."

HUNT OCTOGENERIAN WHO KILLED KIN IN CONNECTICUT WILDS

Pomfret, Conn., July 28. (INS.)—State policemen spent the night and early today seeking traces of Benjamin White, 80, who yesterday afternoon shot and killed his brother Edwin, 72, and wounded David Mairson, of Hartford, who is about to marry Edwin White's daughter. The slayer escaped, carrying his rifle with him. Mairson's wounds are slight.

It is believed Benjamin objected to Mairson as Miss White's future husband. Benjamin is an expert woodsman and familiar with the wild country to which he fled.

STATE DEPARTMENT DEMANDS PERSIANS MAKE REPARATIONS

Washington, July 28. (INS.)—As the result of the murder of Major Robert Imbrie, the American vice consul at Tehran, the United States government has served a vigorous demand on Persia for the protection of American lives and interests. In that country, it was announced officially at the State Department today.

The American note was lengthy but blunt, no words were minced in making it plain to Persia authorities that the United States regarded the killing of Imbrie as serious and that adequate reparations will be expected. It was demanded that the Persian government make full and complete reparations to Mrs. Imbrie on account of the killing of her husband, that the Persian government should provide a military escort to accompany the vice consul's body to a port for transportation to the United States and that the Persian government should pay the expense incurred in sending a United States battleship to Persia, to bring back the body.

Fenwick McLeod spent the past week in Lock Haven where he visited his niece, Mrs. John Berry Ross. Mary Cunningham of Tulsa, Okla., has been spending the past month at Jersey Shore on Sunday and spent the day with Mr. and Mrs. C. A. Young.

169 LIVES LOST IN COLLISION OF JAP STEAMERS SUNDAY

Tokio, July 28. (INS.)—The Japanese steamship Tairo Maru, which was in collision with the Shinso Maru off the coast of Hokkaido on Sunday, sank today with the loss of 169 lives. Twenty persons were rescued and landed at the village of Motono. Owing to the isolation of the spot, rescue was difficult.

ACCIDENT ROSTER FOR THIS REGION WAS QUITE FULL

Several minor automobile accidents occurred in this region Saturday evening and Sunday.

Saturday evening while driving toward Curwensville, accompanied by Mr. Bischoff, of Pittsburgh, O. B. Porter in his roadster banged into the rear end of an empty hay wagon. The accident occurred just below the water trough at the Hoyt farm. Mr. Porter's car was considerably damaged but no injuries were sustained by the car's occupants.

The accident was due to the fact that the hay wagon was traveling without a light on its rear end.

The Buick Six, of John Hunter, of the West Side, and an Oakland driven by Joseph Hewitt, of Bald Hill, arrived at the east end of the Second street bridge about the same time last evening, about 8 o'clock. The Hunter car, which was being driven by Harold Baotich, came out Bridge street while Mr. Hewitt was coming down Second street, when the accident happened.

The driver of the Hunter car stepped on the gas in an effort to avoid a collision when he shot out of Bridge street into Second and managed to get by with nothing more serious than a damaged rear fender.

The Oakland ran past the entrance to the bridge and straddled the New York Central tracks on the river bank before Mr. Hewitt could stop. Each car contained several people, but no one was hurt.

Tony Borac, of Philipsburg, was brought to Clearfield last evening by State Motor Patrolmen and lodged in jail charged with driving a car while intoxicated and on a 1923 operator's license.

Party was on his way home from a visit to this section about 9 o'clock last evening. He is said to have been traveling like mad down Moeck's hill, just beyond Blue Ball. Judd Carns, of Paradise, was coming from the Philipsburg region with his wife and family in his car and had reached the turn near the school house when he saw Borac approaching. The car was wobbling across the road, he claims, and in an effort to get out of the way, Judd attempted to turn into a road to the left leading from the main highway. He was unable to escape as the Borac machine struck his car just back of the middle and but for a high bank would have overturned it.

A crowd quickly gathered and soon State Patrolman Romanio was on the scene. He arrested Borac and in searching his car for liquor unearthed a wicked looking automatic revolver from under the front seat cushion.

Both machines were pretty badly smashed up in the collision.

FALSE ALARM SATURDAY NIGHT

A burning rubbish pile over at the Kerr Addition Saturday evening last caused some easily-excited individual to send in a fire alarm. The out-of-town alarm was sounded on "Old Mooly" and the firemen promptly cleared the deck for action, but had their labor for their pains.

Miss Edna Hughes, one of the accommodating clerks in Prothonotary Ralston's office, is enjoying her vacation this week at the home of her uncle in Ohio. She will return next week by automobile.

Mr. and Mrs. Clir Young, of Woodland, motored to Williamsport and Jersey Shore on Sunday and spent the day with Mr. and Mrs. C. A. Young.

PROMINENT TEXAN MISSING TWO WEEKS, FOUND IN PITTSBURGH

Pittsburgh, July 28. (INS.)—E. W. Leininger, 56, of Houston, Texas, President of the Southwestern Oil Supply Company, is held at the St. Francis Hospital here suffering from the delusion that he is on an ocean liner on his way to Europe. Leininger was arrested Saturday, as stated exclusively by International News Service Saturday night, after it was alleged he had broken a window in an office building, and lodged in the North Side jail.

Police yesterday received a telegram from his brother M. G. Leininger that every care be taken of the man and Mr. Leininger was removed from the police station to a hospital awaiting the brother's arrival. Leininger disappeared two weeks ago from Houston and a country wide search was made for him, the telegram said.

Leininger registered at a hotel here July 20 as a salesman for the company of which he is President. When arrested the Southerner had in his possession a railroad ticket from Houston, Tex., to Atlantic City, N. J.

Official Board Of The U. M. W. A. Meet Here To Tell Miners To Vote For La Follette And Wheeler

The Official Board, consisting of the district officers and executive committee of District No. 2, U. M. W. of A. to the number of 25 persons, met in the office of district headquarters at Clearfield on Saturday last and after a full and free discussion of the issues now confronting the people, together with the candidates and platforms of the Republican, Democratic and Progressive parties, it was unanimously decided to endorse Senator Robert Marion La Follette, of Wisconsin, for President, and Senator Burton K. Wheeler, of Montana, for Vice President.

It was the sense of the meeting that Messrs. La Follette and Wheeler were the hope of the working people in the coming campaign and all present pledged their every effort for their election in November.

President John Brophy, who represents District No. 2 on the state executive committee of the Association for Progressive Political Action, announced at the meeting that a call for a meeting to organize this, the 23rd congressional district for the La Follette ticket would be issued in the very near future. This meeting will be held in Clearfield.

Globe Circlers Are Now Scheduled To Take Off From Bingham Wednesday

Brough, Eng., July 28. (INS.)—The United States army round the world flyers under command of Lieut. Lowell H. Smith, made their final arrangements today for the Transatlantic hop off of their epochal flight. Floats, which had been fitted to the three Yankee planes were tested out in the estuary of the Humber river.

The airmen, up to noon, had not received word from Admiral MacGruder, U. S. N., that the supply and safety ships were all in their appointed stations. The aviators are under orders not to start until Admiral MacGruder sends this information.

If the weather is favorable the aviators expect to start for Kirkcubbin at dawn Wednesday.

ENGAGEMENT ANNOUNCED

At a surprise shower given the bride to be at her home on Hamah street, Thursday evening last, the engagement to wed of Miss June Ross and Mr. James Hickok, well known justly popular local young people, was announced.

The evening was enjoyably spent in games and music while delicious refreshments were served. The wedding will be an event of the near future.

Mrs. Ida Townsend, of Williamsport, who fell and broke her right arm at the wrist while on a shopping trip on Market street Friday last, is a patient at the home of her mother, Mrs. Mary Sutton, on Locust street.

ALIENISTS PREPARE WAY TO SAVE BOYS FROM THE GALLOWS

Chicago, July 28. (INS.)—"Mostly Piffle." This was the curt comment of State's Attorney Robert Crowe today on the report of the alienists for the defense, who will try to save "Babe" Leopold and "Dicky" Loeb from going to the scaffold for the murder of little Bobby Franks.

By GEORGE R. HOLMES
(I. N. S. Staff Correspondent)

Criminal Courts, Chicago, July 28.—Ignoring and somewhat contemptuous of the preliminary report of the defense alienists, finding Nathan Leopold, Jr., and Richard A. Loeb having records of "abnormalities since childhood," the state went methodically ahead today in the court room of Justice John R. Caverly, building ever higher the mountain of evidence upon which it hopes to send the young collegians to the scaffold for the murder of little Bobby Franks.

Handwriting experts, typewriter experts, policemen, taxicab chauffeurs and others went in and out of the witness box today, each contributing his bit to the mountainous pile of information already collected in the case.

The documentary evidence in the case, the various ransom letters written to Jacob Franks demanding \$10,000, was identified by John F. Tyrrell, handwriting and document expert, as having been written on an Underwood portable typewriter.

The signatures "George Johnson" and "Morton D. Ballard," used by both Leopold and Loeb in the working out of the plot were identified by Tyrrell as having been written by the pair.

Enormous photographs of the type on the machine on which the ransom letter was written had been prepared, and similar evidence prepared by the experts, but it all went for little, for the defense counsel, Clarence Darrow, blandly waved it all aside, and said:

"We admit it all. No cross examination."

The state made rapid progress today toward closing its case. When the noon adjournment came only a few witnesses remained before the case of the state against the boys is completed, and Crowe said he would probably conclude by tomorrow.

Then the "battle of the century" between the alienists will begin—the defense will try to prove that while not legally insane, the young defendants are so abnormal as to make it "criminal" to hang them; and the state contending that they are sane and responsible for their acts.

By GEORGE R. HOLMES
(I. N. S. Staff Correspondent)

Chicago, July 28.—Legally they are sane. Pathologically they are queer. Morally they are twisted. Mentally they are far advanced, but their fine intellects are distorted and crooked.

This, it was revealed today, is the verdict of the defense alienists, the men of science, after exhaustive and minute examination, into the lives, characters and habits of Nathan Leopold, Jr., and "Dicky" Loeb, the 19-year-old youths who kidnapped little Bobby Franks and then mashed his head in with a cold chisel just for the adventurous thrill of the thing.

The scientists will spread their opinions upon the records of Justice John R. Caverly's court this week in an effort to save the necks of "Babe" and "Dicky." Their conclusions, many of them as weird as the crime itself, will constitute the "mitigating circumstances" of this unusual, unnatural murder.

It is these "mitigating circumstances" that Justice Caverly will be asked to consider when making his decision as to whether the dapper young intellectuals shall hang or be sentenced to the penitentiary for life.

Loeb was the "master mind," according to the alienists. The girls used to call him "Angel Face Dicky." Behind that angelic mask, the scientists claim, lies an intellect as fully developed, and a moral being as twisted and terrible as that of "Mr. Hyde" of Dr. Jekyll and Mr. Hyde, of Stevenson, or any other notional villain.

Leopold, the sleek-looking, accomplished who knows the Lord's prayer in 15 different languages, who translates Sanskrit and Arabic as easily as English, is the "angelic" one.

CHURCH PEOPLE HEAR OF GOD'S CLAIM ON MAN'S POSSESSIONS

West Side Methodists turned out in great numbers yesterday to hear the Rev. Dorsey N. Miller, D. D., a former West Side boy, deliver two stirring sermons at the regular services in the tabernacle. Dr. Miller, who is pastor of the Fifth Street Methodist Episcopal Church in Harrisburg, came to Clearfield to help the West Side congregation in their drive for \$25,000 to complete the Sunday school and social rooms of their new church building and the success of yesterday's services was largely due to his masterful presentation of the claims of the Master upon the lives and possessions of man.

At the Sunday school session Dr. Miller gave a short talk on his experiences in the old church that was torn down a year ago to make place for the handsome new edifice now under construction. The classes and organizations of the Sunday school represented by the 645 scholars present yesterday, subscribed handsomely to the building project when the matter was broached by Dr. Miller.

"The Imperfect Church" was the subject of Dr. Miller's sermon at the morning service, in which he pictured

REV. DORSEY N. MILLER, D. D.

the success that has attended the efforts of imperfect humans in their endeavors to establish the church of God on earth. All the imperfections of the twelve apostles were reviewed and incident upon incident related showing how they accomplished the seemingly impossible in establishing the early church and spreading the gospel message throughout the world.

Another great congregation gathered at the evening service to hear Dr. Miller's sermon, monologue, "What Happened When the Church Bells Did Not Ring." With all the rich vigor at his command, Dr. Miller portrayed the confusion and bewilderment that attended the closing of the churches in a certain community where they seemed unnecessary by reason of the neglect of two-thirds of the people to attend of support them. Many home-illustrations were used with fine force in bringing home to his hearers the utter impossibility of peaceful, happy community life without the aid of the church.

At both the regular church services Dr. Miller opened the way for further subscriptions to the fund now being raised by the West Side Methodists and the people responded most liberally. A continuation of the campaign which was carried on in the business section of town the past week will bring the work of the West Side Methodists to the attention of every family residing in that community.

PURCHASED AYRSHIRE CATTLE

According to information received from Fred Wilson, of Clearfield, the Ayshire Breeders' Association of Brandon, Vermont, has purchased his first registered Ayshires. He begins with this noted Scotch dairy breed when it is rapidly increasing in favor with dairy farmers because of its hardiness, longevity and its economical production. The calves are strong and healthy at birth and are easily raised so it will not be long until he has a whole herd of these Red and White profit makers.

GRAND GRANDSTAND WILL BE READY FOR FAIR SEPTEMBER 23D

The big concrete and steel grandstand being erected at the Clearfield Park is coming along in fine style and both contractor and park directors are satisfied the big building will be completed and ready for the accommodation of the thousands of fair patrons at Clearfield County's Big Fair, which opens September 28th.

The framework or superstructure for half the stand is already erected, while the concrete has already been poured for one section or about one-fourth of the structure.

It has been found that the six or eight maple trees now located along the fence paralleling the "home stretch" would interfere with the clear vision of spectators from a part of the stand, and it has been decided to do away with the trees at this point.

Instead of cutting them down or destroying them, the trees will be removed bodily and planted in another section of the big park.

The three thousand chairs needed for the stand have been ordered and will be here in time for the contractor to begin placing them about the first of September. The grounds around the stand, and as far west as the old "White House" or agricultural building, will be underdrained and graded up to conform to the conditions about the new stand, the entire improvement will add that finishing touch needed to make the Clearfield Park one of the very finest recreational grounds in this section of the state.

HASTE KILLS FOUR, INJURES FIVE NEAR WILLOW GROVE, PA.

Philadelphia, July 28. (INS.)—Four people were killed and five seriously injured here late yesterday when a fast-moving train struck an automobile in which seven persons were riding near Willow Grove.

The train struck the automobile squarely in the center, dragged it 50 feet or more and then flung it into a gully at the side of the tracks. The engine turned turtle from the force of the impact, killing the engineer.

The dead are Mrs. Morris Stein; Mrs. Helen Moringstar, Jerome Moringstar, 12, her son, and George M. Maxheimer, engineer, all of Philadelphia. The injured are Julius Stein, Mrs. Julius Stein, Leonard Stein, Elaine Stein, all of the same family, and Roy Templeton, fireman.

According to witnesses, several automobiles were waiting for the train to pass, when the machine bearing the victims drove past them, squarely into the path of the train.

FUNERAL OF MRS. LEIPOLD

The funeral of Mrs. George Leipold was held from the home of her son, Dr. F. D. Leipold at 3 o'clock Saturday afternoon. The services were in charge of Rev. J. W. Shannon, D. D., of Mt. Union, Pa. Interment was made in Hillcrest cemetery.

Among the out-of-town people present were: Dr. and Mrs. J. W. Shannon, Mr. and Mrs. C. H. Fetterolf and Mr. and Mrs. C. V. Hockman, of Mt. Union, Pa.; Mr. and Mrs. J. J. French and son Harold, of Gettysburg, Pa.; Mackie and Ray Behn, of Westfield, Pa.; and George D. Benn, of Coalsport, Pa.

Mrs. L. A. McDowell entertained last week at her home on Second street. The decorations were unusually beautiful, the house was a perfect bower of Dorothy Perkins roses. The center piece on the table was of yellow pansies while the place cards and favors carried out the yellow color scheme.

GERMANY TO HAVE ACTIVE SAY IN LONDON CONFERENCE

Berlin, July 28. (INS.)—It was learned from an authoritative source this afternoon that an invitation is on the way to Berlin for Germany to participate actively in the inter-allied conference at London. German delegates will leave Wednesday.

ODDS AND ENDS AND THINGS

By J. D. C.

Complete plans for a proposed Pan-American monument, to Christopher Columbus in the form of a tomb topped by a lighthouse 150 feet higher than the Eiffel Tower, were displayed last week in New York City at a dinner in honor of William E. Pulliam, receiver general of customs for Santo Domingo, who conceived the memorial and has been largely responsible for its promotion.

The estimated cost of the memorial is \$2,100,000, which, under a plan approved by the Pan-American Union, is to be raised by 21 countries of the two Americas. The United States is expected to contribute \$400,000. When completed, the monument would stand on Torrecilla Point, in Santo Domingo Harbor, the light flashing a four-ray beacon visible 200 miles.

A dome-shaped roof, according to the plan, will shield the base of the monument and inclose a final tomb for the remains of the discoverer of America. Its outer surface will be of glazed material, a miniature of the upper hemisphere of the earth and portraying the voyages of Columbus.

A park will be adjacent to the monument, with a lagoon, in which it is planned to float three ships, exact copies of the Santa Maria, Nina and Pinta. It is planned to remove Columbus' remains from the Cathedral of Santo Domingo and place them beneath a crystal ball representing the earth, which is to be in the center of the crypt.

A mile of city distribution lines will serve from 30 to 100 light customers. In the country they average only about three to the mile. This is why city service costs less than country service. It costs less to get service to the city patron.

The "east end" of a town is generally the poor end, while the west end is generally the aristocratic section. There are few exceptions to this rule, if any, and the most natural explanation is that in countries of the Atlantic seaboard, the prevalent wind is from the west and southwest, and that, therefore, the richer classes naturally select their residences as far to windward as possible, in order to

avoid the smoke and grime of the city proper.

Probably the most satisfactory explanation is that the time of leisure and recreation coming towards the close of the day, people of all time have naturally turned their steps to the brightness of the westerly sky. And so in course of time the West End became the quarter of leisure and wealth.

The "call of the wild" is being heard and answered by many hundreds of people throughout this region these days. Many of these drive out to the home of Game Keeper Reardon's prize collection of deer, bear, view his zoo. Since mention of Mr. Reardon's prize collection of deer, bear, coon, hawk, vulture and other denizens of the wild was made in a recent issue of the Progress, visitors have increased by the hundreds. On Sunday, July 19th, 1000 people visited Reardon and his zoo. Yesterday 1500 registered there. At one time in the forenoon two hundred cars were parked about the place, while license plates from twelve different States were noticed among the number.

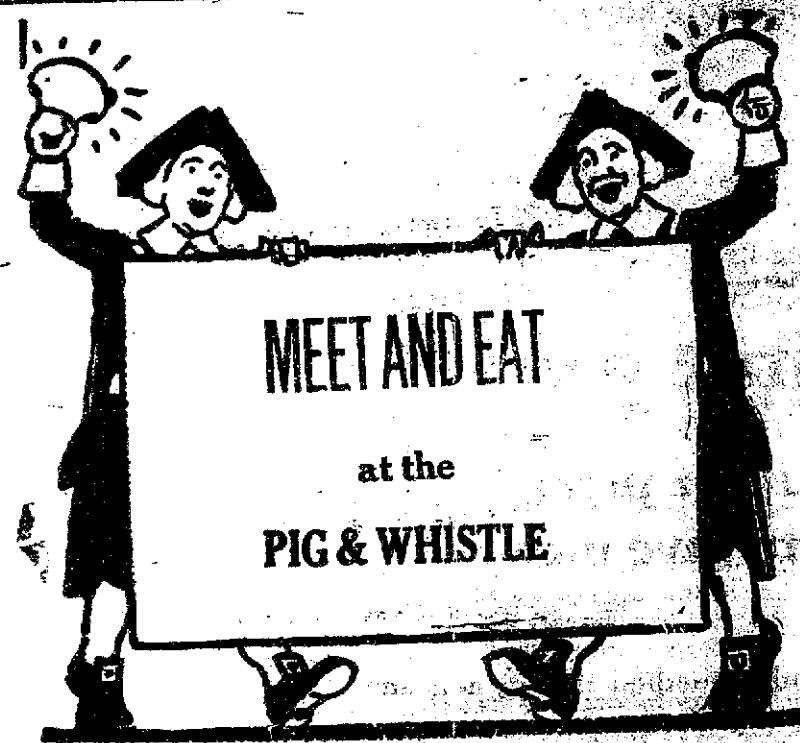

KIWANIS CLUB HONORS FORMER CLEARFIELDER

The Morehead, Ky., Kiwanis Club held its regular meeting last Friday evening in the public school building with a large and enthusiastic crowd in attendance to witness the presentation of a Kiwanis Pin on behalf of the Club. The presentation speech was made by Pres. Frank Button of the Morehead State Normal. Mr. Snyder was greatly surprised and responded with a short address praising the citizens of Rowan county for their splendid fellowship. Mr. Snyder has lived in Morehead 18 years and has endeared himself in the hearts of people of his community.

Aristocratic Plumbing

compared with that of a half century ago is a revelation. ALIENISTS PREPARE WAY TO SAVE BOYS

(Continued from Page One.)

as does French, was Dicky's "slave." "Dicky" led, "Babe" followed. The inspirational genius of "Dicky" conceived the cold chisel murder of innocent little Bobby Franks, the fine cold intellect of Leopold supplied the practical means of carrying it all out.

The alienists, Dr. Carl Mordock, Bowman of Boston, and Dr. H. S. Hubert of Chicago, say all this. They base it on their study of the boys, and they say it is a story that is longer than any full length novel.

Taken as a whole, the report of the two psychiatrists constitutes perhaps the most amazing, weird and fantastic record of psychological and pathological analysis ever laid before an American court of law.

Both boys, the alienists found, have a record of crime that goes back to their knee pants days. When they were little fellows they stole their playmates' things, they broke windows and they were cruel to other children.

When they blossomed from short pants into long pants they swiped automobiles and read tales of crime.

They were always looking for "thrills."

As they grew older, and their naturally fine mind began to flower, they became absorbed in the literature of crime, and they often planned "the perfect crime."

One of the few "perfect crimes" in their lexicon was the kidnapping of Charles Ross. That is still an unsolved mystery, and both Loeb and Leopold had this in mind when they kidnaped little Bobby Franks and later hampered his skill in with a tape wrapped cold chisel. The alienists believe that, anyway.

Had not Leopold, "the slave" lost his chances near the silver into which they stuffed Bobby's naked little body, they might have gotten away with another "perfect crime."

The alienists reported they could find no trace at all of any remorse on the part of either student. They asked Loeb if he would do it all over again, if he knew he would not be caught, and he told them:

"Yes, I believe I would if I could get the money."

"The patient lists as his reasons for committing the crime," said Dr. Mordock and Hubert, the following:

"First the pleasure of planning the crime.

"Second, the notoriety which the papers would give the crime, and the fact he could talk it over with others

and get a thrill from the feeling of superiority, in that he knew the facts of the crime and they did not, and

"Third, the money to be gained."

Loeb's sensations as the blood spurted from little Bobby Franks' head were described to the doctors, as follows:

"I got great excitement, great beating, which was pleasant. I was cool and self-possessed. I had quite a time in quieting Leopold."

"I cooled him down in five minutes after we got him (Franks) in the back seat, thinking him still alive."

"He bled a lot," Leopold said. "This is terrible, this is terrible. I told him it was all right and joked and laughed. Possibly it calmed me, too, the joking and laughing."

It was typical, perhaps of their egotistic feelings of intellectual superiority that each thought of killing the other. Both carried guns, and the same thought occurred to each of them at various times in their plot.

Loeb said to his examiners concerning Leopold:

"If I could have snapped my fingers and caused his heart to stop beating I would have done so."

"Intellectual superiority"—this applied to the alienists as the underlying motive for the whole bloody, sordid business; it appears to them to be the obsession in the back of each boy's over-developed brain.

Such mundane, prosaic creatures as detectives and corner cops seldom entered into the crime phantasies of Dicky Loeb. They held little place in his dreams. He was superior. They were cattle.

"In his phantasies about crime," said the doctors' report, "the patient (they refer to him as the patient) gradually commenced to imagine himself doing all sorts of crimes."

He would work out a wonderful plan for crime that would stir the whole country and never be solved.

And he alone was to know the solution. Detectives, police, lawyers and all of the 110,000,000 people in the United States were to be thunder-struck and horrified and ignorant, and Dicky Loeb alone was to know the real truth.

That, according to the scientists, was to Dicky Loeb "intellectual superiority."

Sure you can play it with the better kinds of equipment we have here for you. We feature the famous D & M line of tennis equipment and you'll find the racquettes are strung with strong gut, are hung tight. Balls are lively and long lived, nets are made to stand a lot of hard wear.

Let us equip your courts and you'll enjoy your game a lot.

Milk is Better Than Medicine

Just a modern interpretation of the old proverb about the ounce of prevention. When you stop to consider that there was nearly a quarter billion dollars spent for patent medicines in this country during last year, that means about \$2.50 for every man, woman and child in the country. This does not include the medicines dispensed by pharmacists, which amounts to a vast sum.

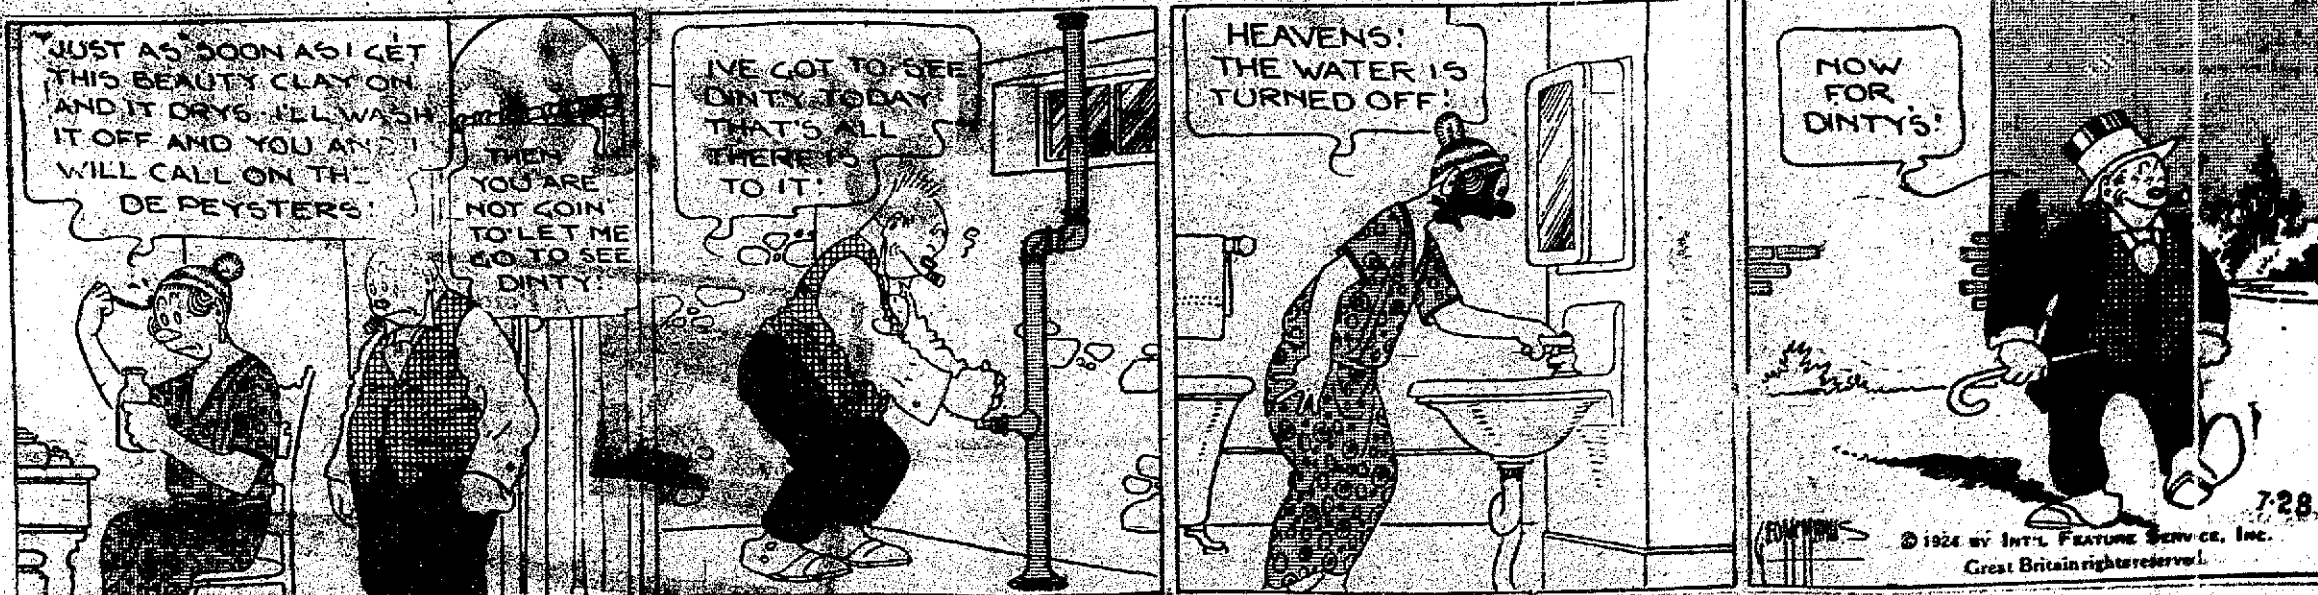

We will not say that milk will avoid a lot of this expenditure of money, but we do say that a plentiful diet of milk every day will remove many of the causes for need of medicine. Many physical troubles come from that common ailment, malnutrition. The body is weak and its resistance to disease is low. Keep your resistive powers high and you'll throw off diseases, even some which are considered highly contagious.

Put milk on your diet and keep it there in plentiful amounts and you'll find that you have less sickness.

AND BE SURE THE MILK YOU DRINK IS PASTEURIZED MILK.
PASTEURIZATION IS YOUR PROTECTION AGAINST GERM-IMPREGNATED MILK.

"LICK THEM ALL": PHILIPSBURG IS TRIMMED 12 TO 2

Captain "Solly" Robinson and his baseball warriors demonstrated by their actions last week that they can lick any and every dern team in the C. & C. League, right now, by heck! As proof of this, might be suspected, rash statement, we want to rise to remark that they did just that last week. Downed all three in a row. Osceola "bit the dust" on Tuesday 9 to 0. Clearfield fell by the wayside Thursday afternoon by the same score, 14 to 0. To even an old score, Phillipsburg was given a whale of a drubbing on Saturday afternoon on their home lot, when the locals manhandled them to the tune of 12 to 2.

It Was Some Game.

Those present at Saturday's game were sure given a "run for their money." That is, of course, if they were Clearfield adherents. Our own played big league ball from start to finish, on both the offense and defense, but a single misplay in the field being charged against them, while they banged out 14 hits, with a total of 20 bases.

Cowdick did the pitching for the locals, and he was at his best, which is mighty good. The Phillipsburg sluggers were powerless in his hands and managed to garner but six hits.

In addition to Cowdick's fine twirling and the terrific batting of his teammates, the work of McCloskey and Bailey in left and centre fields astounded the spectators. Such fly catching was never witnessed before on Scott field.

Sluggers Bowles led the locals at the bat, he having four slashing singles to his credit. Bill Fauver, Shaulis and Peterson also continued their good work with the willow, each registering his usual two hits.

The score:

FIRPO - WILLS FRAY IS SCHEDULED FOR SEPTEMBER 11TH

By L.S. CONKLIN

(I. N. S. Staff Correspondent.)

New York July 23.—Luis Firpo and Harry Wills will clash on the evening of Thursday, September 11, at Boyle's Thirty Acres, Jersey City, under plans being completed today by promoter Tex Rickard. The winner will be matched with Jack Dempsey.

The fight, originally scheduled for September 5, was postponed so that the Prince of Wales might attend. Rickard announced. The Prince is to be a spectator at the international polo matches at Meadowbrook, which will end September 10.

Rickard's announcement followed a conference with Firpo and a telephone conversation with Paddy Mullins and his Senegambian fighter, now in training at Southampton, L. I. Incidentally Mullins told Rickard heavy wagers had been placed at Southampton with Wills the favorite by 4 to 5.

Ringside seats at the bout will cost \$25, Rickard said. This is the limit allowed by the New Jersey boxing

law. Twenty thousand general admission tickets will be available at \$2 and \$5, with reserved seats at \$5, \$10, \$15 and \$20, the promoter announced.

It was believed today that Firpo would train at White Sulphur Springs, Saratoga, where Dempsey got into shape for his bout with the wild bull. The Argentine fighter will probably leave for Saratoga in a few days with several sparring partners.

Paddy Mullins denied reports that Wills would complete his training in Massachusetts. He said he was well satisfied with the Southampton quarters.

Some alarm was felt by followers of Astoria today at the efforts of the New York Civic League to deport Firpo. The league's sudden interest in pugilism comes as a result of the deportation of the fair Senorita Blanca Lourdes, who arrived here from Havana last week with Firpo, but was deported because of irregularities in her passport.

The movement to oust the wild bull is being pushed by Canon William S. Chase, head of the Civic League.

America's honor is at stake," Canon Chase said today. "If America admits a prize fighter because he will bring large gate receipts to certain people but turns out his woman com-

panion, whose morals are certainly no worse, then we will be disgraced in the eyes of the world."

Only Way to Escape From Past.
Oh, there are some who want to get away from all their past; who, if they could, would fain begin all over again. But you must learn, you must let God teach you, what the only way to get rid of your past is to get a future out of it.—Phillips Brooks.

A new richness
from an old-time process

Made for pipes—cut for pipes
—packed sensibly to save money

NOW it can be told. Three years ago we decided to revive a famous old secret method of mellowing tobacco—"Wellman's Method", it was called.

For three years we have been quietly trying it out—we, and about a quarter-million shrewd pipe-smokers who discovered it for themselves.

No whirlwind campaigns, no "special offers", no extravagant claims; Granger Rough Cut has made good on its taste alone. There could be no better proof of its quality. Now we are ready to "tell the world".

An extraordinary pipe tobacco. "Wellman's Method"—now ours exclusively—not only mellow tobacco, but "rounds it out"—gives it a new taste, richer and milder.

There's no other method like it, nor any other tobacco like Granger.

And not only differently mellowed, but cut differently—cut for pipes. The Rough Cut burns more slowly, hence smokes cooler—and a pipe-load lasts nearly twice as long.

And finally—notice the package. If Granger Rough Cut were packed in fancy lithographed tins, it would cost 15 cents.

But wrapped in smart heavy foil, you get this fuller, longer, cooler smoke at a third less cost. Foil instead of costly tin—hence the price.

Too good to be true? Ask any man who has tried it. Better yet—get out your pipe!

Granger Rough Cut

A Pointer on Tobacco—

The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to "cut" slow and cool—cut for pipes, smoke slowly, and Wellman's famous old secret method produces richer fragrance and taste.

NEWSPAPERARCHIVE®

Curwensville's Crown Column

Rev. John Collins, a former pastor of the M. E. Church in Curwensville, now of Altoona, was a town visitor yesterday.

Mr. I. D. Kerns, of Brockport, was visiting with kin folks on Thursday and yesterday.

Chas. Shade, a former resident of this place, now a section foreman on the Penna. railroad at Sandy Ridge, called on friends yesterday.

The Yellow Dog meeting at the new kennel over at the Park on Thursday evening was attended by some two hundred mongrels of the yellow hair. The session was opened by an address by Chief Cur Norris who recited some facts about the organization which was not clearly understood by the uninitiated, detailing the qualities of man which constituted the make-up of a Yellow Dog, and also the reason for choosing such a peculiar name for the order. After several preliminaries had been taken care of and hid under the desk, the task of instructing some seventy candidates in the mystic rites of dogdom was commenced. The class being of such a large number, only some half dozen of the choicest material was chosen to step forward on the trail and scent, the balance looking on and taking knowledge of what was about to take place. Chief Cur Norris did the honors, assisted by an able corps of assistants. There was fun galore along the line and during the entire process of turning human beings into dogs—so to speak. Candidates hailed from Clearfield, and a dozen other towns and hamlets, one running the trail clear from Chicago to join the pack. The proceedings were enthusiastic throughout the entire program. The American Legion Band was on hand and added their share in music. A program was marked out for the big Labor Day event and committees instructed in their several duties. The Curwensville kennel of "Yellow Dogs" will soon reach in membership the half thousand mark. The only thing to mar the occasion was the absence of "Skinny" Connelly, and several of his explanatory themes on the remedy patented by him to be used on old, mangy and decrepit curs. It was a good meeting anyway, and represented by men in every vocation in life.

What is needed out at the Park is some electric lights strung in among the trees at intervals on the grounds, to light the way.

Mrs. Letterio Errigo was summoned to New York City last Saturday by a telegram announcing the serious illness of her father, Vincenzo Anglisano.

Posters are out announcing the Rowles generation reunion which will be held in the Cathcart grove, near Olanta, but in Knox township. It is confidently expected that a branch from every Rowles tree will be present on this occasion. The event is scheduled for Saturday, August 16th, and a band from Curwensville has been engaged to furnish the music.

A young daughter was born in the

home of Mr. and Mrs. Furman Smith, South Side, at an early hour Saturday morning.

Raymond Smith who was an inmate and operated upon at the McKirk hospital Philipsburg, is home greatly improved.

Mrs. Mary Ann Fullerton, who has made her home with Mr. and Mrs. Joseph G. Fullerton for the past seven years, celebrated on Sunday her 84th milestone in life. We do not know of another old lady of her age, who is as healthy and active on her feet as Mrs. Fullerton is today. Her memory is clear on past events and she takes just as much delight in reading the papers today as she did when many years younger. She was a daughter

of John Ellinger, who lived along the old pike and near the 'Old Wild Goose' tavern. There are only three of the Ellinger family living today, viz: Mrs. Fullerton, Mrs. Frank Haney and Mrs. J. D. Smith. Mrs. Fullerton's husband, Frank B. Fullerton, died October 23d, 1915, at the ripe age of 78 years.

J. Roll Bloom, who was building forms for the Anderson Creek bridge was called to Philipsburg Saturday by the firm who employs him to perform similar work for a bridge at that point.

Henry Heitzenrath and family, including a number of relatives from a distance, held a sort of a family reunion out on the Park grounds on Sunday. There is quite a bunch con-

The trouble with being friendly

Even if all the world is a stage the best way to act is natural.

When a wise man gets home late he tells his wife the truth so she will have no idea of where he has been.

The taxpayer thinks all inroads lead to the treasury.

The trouble with being friendly with the neighbors is they want you to keep their dog or cat while they are away on their vacation.

Fools rush in where wise men fear to wad.

If you don't get a vacation this summer you will be rested up by next year's vacation.

The best thing about being friendly is it leaves them the only many a man's opinion of a woman is formed by her dressmaker.

Those rising by airplane or plain air are liable to fall.

Walking isn't as good an exercise as riding in second hand autos.

When daughter comes to the door with red hands, she has been washing her face, not committing a murder.

Wish it took as long to spend money as it does to save it.

Love may be blind, but it can see an expensive auto.

Isn't it strange how temptations pick on married men?

OBITUARY

AGED LAWYER DIES

Mr. John Colvin Horton, Esq., a son of Elias and Almira Knox Horton, born at Spring Mills, Allegheny county, N. Y., April 1, 1843, died at the Blossburg Hospital, Wednesday afternoon July 16, 1924, of cirrhosis of the arteries with which he was affected but a week. The deceased was the oldest member of the Tioga county bar association in the point of date of admission, being admitted September 10, 1868.

Mr. Horton studied law with Hon. C. H. Seymour, of Tioga and on admission to the bar settled at Blossburg for the practice of his profession where he purchased a home and remained for many years. During the years of his legal business he was admitted to many of the bars of Pennsylvania among the Clearfield county where he practiced for a number of years being in partnership with Congressman Wm. C. Arnold of DuBois, moving to Westfield in 1906 where he has since resided.

Mr. Horton was admitted to practice in the U. S. District Court, and the Superior and Supreme Courts of the state. He devoted all of the active years of his life to the practice of his profession.

Mr. Horton was united in marriage with Miss Effie M. Seymour of Tioga, November 20, 1870 and they were blessed with four children, three sons and one daughter. The youngest son, Mrs. F. J. Sackett of this place, with whom Mr. Horton spent the declining years of his life, after the death of his wife, on January 27, 1920, and Mrs. C. L. Hancock, of Philadelphia. Besides these two children he is survived by brothers, E. S. Horton of Westfield and Clarence Horton of Lawrenceville, and sisters, Mary Horton of Lawrenceville, and Mrs. Myra H. Doane of Mansfield.

The funeral was held Friday afternoon at 3 p. m. at the home of a niece, Mrs. Charles Juppenatz, of Mansfield, Rev. Potter, of the Presbyterian church of Mansfield, of which church the deceased was a member, conducting the service. Burial took place in the Evergreen cemetery at Tioga.

Mr. Horton on coming to Westfield purchased a desirable property on Main street and has made his home there since. He conducted his law office up to a few weeks previous to his death when his feebleness made his coming to his office a task. He was appointed Justice of the Peace, and later elected to the office which he filled acceptably. He had six months to serve at the time of his death. Mr. Horton was a good citizen.

Borough of Osceola Mills, County of Clearfield and State of Pennsylvania, bounded and described as follows:

Being lot No. 417 on North side of Second Avenue, at the distance of 50 feet West of the Western line of 150 feet of Blanchard Street, fronting 50 feet on Second Avenue and extending of that width between parallel lines 150 feet, bounded on the North by land of Morris Liveright, on the South by Second Avenue, on the East by lot No. 416, and on the West by lot No. 418.

Also a lot beginning at the Northeast corner of lot No. 417, thence extending by the rear of lot No. 417 North 61 1/4 degrees West 78 feet to the Eastern line of lot No. 418; thence extending along the Eastern line of lot No. 418 North 28 1/2 degrees East 50 feet; thence South 61 1/4 degrees East 50 feet to the Northwest corner of said lot No. 416; thence along the Western line of lot No. 416, South 28 1/2 degrees West 50 feet to the beginning.

Being the same premises which Herbert Oldham, by Deed dated September 17, 1893, and recorded in Deed Book "152" page 250, granted and conveyed to the said George Oldham. **TERMS OF SALE:** 25 per cent. of the amount bid at the time of the sale and the balance upon execution delivery of the deed for the premises on the date of confirmation of the same by the Court.

GEORGE H. RICHARDS DEAD

Heart disease and resulting complications proved fatal to George H. Richards at the home of his son, Howard Richards, on Seventh street, Phillipsburg at 4 o'clock Saturday morning. He had been ill since early in March, and shortly after returning from Florida, where he has gone with the hope the trip would prove beneficial, his condition became serious. For weeks he has been confined to his bed.

George Henry Richards was one of the town's leading citizens, and is one of the best known men in the Center-Clearfield region. A butcher by trade, he had for years been a successful retailer, disposing of his business at the corner of Second and Pine streets to E. G. Olson last winter.

The parents of Mr. Richards were George H. and Anna (McClellan) Richards. The former died many years ago and the latter passed away at Osceola Mills more than a dozen years back. George H. Richards, Sr., was sheriff of Clearfield Co., back in the fifties, and it was while the family lived in Clearfield the subject of this sketch was born, Jan. 28, 1856. While residing at Osceola Mills Mr. Richards learned the butcher trade. Later he worked at the trade in different Phillipsburg shops, finally getting into business for himself. When the big fire swept out of the forests and virtually wiped out the town of Osceola Mills in 1875 George Richards made a successful rescue of his mother and brother who were surrounded by the flames.

In 1884 Mr. Richards came to Phillipsburg to live. He served on Council for twelve years, was a member of the Commercial Club, the Sphinx club, Loyal Order of Moose, Benevolent and Protective Order of Elks, the Red Men, Central District Volunteer Firemen's Association and St. Paul's Episcopal church.

On Oct. 15, 1879, Mr. Richards was united in marriage to Miss Mary Bloom of Curwensville, the ceremony taking place here in Phillipsburg. She died in 1910. One daughter, Iva, wife of Tyson Hoffman of Trenton, N. J., and one son, Howard, of Phillipsburg, survive. Two children are dead. One brother, Ralph Richards, of Tulsa, Oklahoma, also survives.

OBITUARY

AGED LAWYER DIES

Mr. John Colvin Horton, Esq., a son of Elias and Almira Knox Horton, born at Spring Mills, Allegany county, N. Y., April 1, 1843, died at the Blossburg Hospital, Wednesday afternoon July 16, 1924, of cirrhosis of the arteries with which he was afflicted but a week. The deceased was the oldest member of the Tioga county bar association in the point of date of admission, being admitted September 10, 1868.

Mr. Horton studied law with Hon. C. H. Seymour, of Tioga, and on admission to the bar settled at Blossburg for the practice of his profession where he purchased a home and remained for many years. During the years of his legal business he was admitted to many of the bars of Pennsylvania among the Clearfield county where he practiced for a number of years being in partnership with Congressman Wm. C. Arnold of DuBois, moving to Westfield in 1906 where he has since resided.

Mr. Horton was admitted to practice in the U. S. District Court, and the Superior and Supreme Courts of the state. He devoted all of the active years of his life to the practice of his profession.

Mr. Horton was united in marriage with Miss Effie M. Seymour of Tioga, November 20, 1870, and they were born four children. Two of whom survive, Mrs. F. J. Sackett of this place, with whom Mr. Horton spent the declining years of his life, after the death of his wife, on January 27, 1920, and Mrs. C. L. Hancock, of Philadelphia. Besides these two children he is survived by brothers, E. S. Horton, of Westfield and Clarence Horton, of Lawrenceville, and sisters, Mary Horton of Lawrenceville, and Mrs. Myra H. Doane of Mansfield.

The funeral was held Friday afternoon at 3 p. m. at the home of a niece, Mrs. Charles Juppenatz, of Mansfield, Rev. Potter, of the Presbyterian church of Mansfield, of which church the deceased was a member, conducting the service. Burial took place in the Evergreen cemetery at Tioga.

Mr. Horton on coming to Westfield purchased a desirable property on Main street and has made his home there since. He conducted his law office up to a few weeks previous to his death when his feebleness made his coming to his office a task. He was appointed Justice of the Peace, and later elected to the office which he filled acceptably. He had six months to serve at the time of his death. Mr. Horton was a good citizen

Borough of Osceola Mills, County of Clearfield and State of Pennsylvania, bounded and described as follows:

GEORGE H. RICHARDS DEAD

Heart disease and resulting complications proved fatal to George H. Richards at the home of his son, Howard Richards, on Seventh street, Philipsburg at 4 o'clock Saturday morning. He had been ill since early in March, and shortly after returning from Florida, where he has gone with the hope the trip would prove beneficial, his condition became serious. For weeks he has been confined to his bed.

George Henry Richards was one of the town's leading citizens, and is one of the best known men in the Clearfield region. A butcher by trade, he had for years been a successful retailer, disposing of his business at the corner of Second and Pine streets to E. G. Olson last winter.

The parents of Mr. Richards were George H. and Anna (McClellan) Richards. The former died many years ago and the latter passed away at Osceola Mills more than a dozen years back. George H. Richards, Sr., was sheriff of Clearfield Co., back in the fifties, and it was while the family lived in Clearfield the subject of this sketch was born, Jan. 26, 1856.

While residing at Osceola Mills Mr. Richards learned the butcher trade. Later he worked at the trade in different Philipsburg shops, finally getting into business for himself. When the big fire swept out of the town of Osceola Mills in 1875 George Richards made a successful rescue of his mother and brother who were surrounded by the flames.

In 1884 Mr. Richards came to Philipsburg to live. He served on Council for twelve years, was a member of the Commercial Club, the Sphinx club, Loyal Order of Moose, Benevolent and Protective Order of Elks, the Red Men, Central District Volunteer Firemen's Association and St. Paul's Episcopal church.

On Oct. 15, 1879, Mr. Richards was united in marriage to Miss Mary Bloom of Curwensville, the ceremony taking place here in Philipsburg. She died in 1910. One daughter, Iva, wife of Tyson Hoffmeyer of Treanton, N. J., and one son, Howard, of Philipsburg, survive. Two children are dead. One brother, Ralph Richards, of Tulsa, Oklahoma, also survives.

The funeral service will be held at St. Paul's Episcopal church on Monday afternoon at 2:30. Rev. F. T. Eastman will have charge. Burial will be made in the Philipsburg cemetery.

CHILD LOSES LIFE IN FIRE

One child was burned to death, a woman was injured assisting in the rescue of another child and a home was destroyed at Linden Saturday morning in a fire which followed the explosion of a gasoline stove.

The fire was at the home of Mr. and Mrs. Joseph Delino, in the section just east of the village of Linden which has been developed in the past few years.

Their daughter Jane, aged three years, was enveloped by flames from the explosion and her body was charred in the burning home.

The kitchen of the home was turned into a furnace by the flames, which were scattered to all parts of the room. Mrs. Delino seized her younger child and tried to get out the door but was held back by the flames.

Mrs. Boyd Youkin, a neighbor, hearing the explosion, ran to the Delino home and aided Mrs. Delino in saving the child by breaking a window with her hands. She suffered severe cuts including a bad gash on one arm, and was slightly burned. The small frame dwelling was completely destroyed within a short time.

Why It Will Pay You To Trade In Clearfield

Ell-Jay Stores
5c to \$5

The Ell-Jay Stores Co. was organized Nov. 1922 at Philipsburg, Pa., and was incorporated in May, 1923.

From the beginning, the stores were very successful and were well patronized by an enthusiastic public. The Clearfield store has been doing a satisfactory business since its opening, although rather handicapped by the smallness of the room in which it is now located.

The motto of the organization has been to work on a very small margin of profit, depending mainly on a large volume and quick turnover of the stock. Nothing is sold over \$5.00 and prices are always kept down to the lowest possible figures.

Thru their affiliation with the Clearfield store throughout the state, the Ell-Jay is enabled to secure the advantages of lowest prices on quantity purchases, and these savings are passed on to the trade.

Plans are now under way for the opening of several new stores, which will carry out the same policy as those now in operation.

Why It Will Pay You To Trade In Clearfield

Co-operate. That's not a new word or expression. You've heard it before and you probably will say "I do co-operate." But do you really or is it that you are WILLING to co-operate but don't know how.

It is true that we will all give a portion of our time if requested and even help finance by digging down into our pockets for a given sum for some enterprise. We do that cheerfully. Then we forget about it. And we THINK we have done our part and co-operated to the utmost. But think a minute. Does that always constitute full co-operation or is it just the easiest way out without being called a slacker.

When a community decides to accomplish anything there is just one way to co-operate fully and that is to put your whole soul into it just as you would a private enterprise. You must have help, most assuredly, but sometimes it takes more than just a cash donation. Then we see the real community builder. He steps into the breach and does all that he possibly can until he accomplishes that which he sets out to do.

A very good example of co-operation was shown in an Iowa town recently. The town decided they should have a swimming pool for the young folks. A place where they could swim and dive and keep cool during the hot weather. Did they ask for cash donations and then let a contractor build the pool? They did not. They asked co-operation and they got co-operation. Every man in the city turned out, from the laborer to the doctor, from the poor man to the millionaire, and in a few days the pool was completed—built by men of the town with materials provided by the various merchants of the town. A project that would ordinarily have cost the city thousands of dollars was thus secured with little or no expense, and in less time, all because they CO-OPERATED.

But there are other ways to co-operate. Every time you spend a dollar in Clearfield you are co-operating to make Clearfield a bigger and better city in which to live. And every dollar that you spend with local concerns comes right back into local circulation to enrich you and your family. If the city as a community prospers, it naturally follows that you too must prosper. If the community does not prosper neither can you hope to prosper at the expense of the community.

A community which is enterprising, whose citizens are willing to work together and which can apply modern methods, is the community which will forge ahead. There is this difference however between individual and community effort in its narrow sense; an individual may succeed by applying a narrow and selfish view, a community cannot.

But though the individual may succeed and still be narrow and selfish his success does not depend upon the selfishness of his own life but rather upon the liberality and unselfishness of other people. So in reality therefore, the selfish man does not succeed because he is selfish, but because he lives in the midst of people who are inclined to be more generous than he himself is.

And so it pays us all to co-operate. To be generous in other things aside from money, and to pull together all for a better community. We want Clearfield to be attractive to other people. We want it to be attractive to our children, the future generation. We want them to take the same pride in it and love it as "Home." So let's see if we can't find the way to co-operate with that end in view. Let's begin by looking from our local concerns. Then let's watch the results. Next week we will tell you something of the children's part in the community, something which you perhaps have overlooked.

Paris, July 24. (INS.)—Complete but unofficial tabulation today of the standing of the leading teams in the Olympic games, including the winter sports at Chamonix, shows the United States a winner by a wide margin. The Americans scored a total of 94 points. France was second with 64 and Sweden third with 43.

Other standings were:

Great Britain, 41; Finland, 34; Norway, 31; Switzerland, 29; Italy, 26; Holland, 19; Belgium, 17; Denmark, 17; Argentina, 10; Uruguay, 10; Hungary, 8; Czechoslovakia, 8; Estonia, 7; Austria, 6; Romania, 4; Yugoslavia, 3; Spain, 3; Australia, 3; Portugal, 2; South Africa, 1; Haiti, 1; Egypt, 1/2 of one point; Poland, 1/2 of one point.

480 Pittsburgh Saloons Found To Be Selling High Calibre Beer

Pittsburgh, July 24. (INS.)—There are 480 saloons in Pittsburgh that are selling beer that contains more than one-half of one per cent alcohol permitted by law, according to a report made today by Lieutenant of Police Cavanaugh of the vice squad, of the analysis made of 600 samples of beer taken in local saloons by Pittsburgh policemen last Monday.

Informations will be made against those selling beer containing more alcohol than the law allows. They will be signed by Cavanaugh.

PENNSY-GRAMS

Pittsburgh—William R. William, 60, alderman 15th ward member of the Allegheny county tax revision board will be buried here Wednesday afternoon. Mr. William died suddenly of heart disease at his home here Sunday morning.

Pittsburgh—An anti-vaccination mass meeting at a theatre building was held here yesterday and resolutions were adopted condemning the compulsory vaccination program here. A campaign will also be started to effect the repeal of the compulsory vaccination clause of the Pennsylvania medical law by the next session of the State Legislature.

Pittsburgh—Roy Smith, 27, negro, died at the Municipal hospital here yesterday from smallpox. He was admitted to the hospital July 18. One patient was also discharged from the hospital and 37 patients suffering with smallpox are at the institution.

Philadelphia—While her mother looked on, unaware of her identity, four-year-old Sophie Lynch was ground to death here beneath the wheels of a trolley car.

20 BEARS CAPTURED IN MCKEAN COUNTY

Kane, Pa., July 28. (INS.)—McKean county is very "bear" and because of this farmers have been given permission by the State Game Commission to trap bears though it is closed season. The reason for the order is that the bears have become a menace to livestock on farms.

So far 20 bears have been captured and shipped to other points. Yesterday a 450-pound bruin was trapped near Kane.

HENRY CABOT LODGE VERY ILL; MAY NOT SURVIVE OPERATION

Boston, July 28. (INS.)—Senator Henry Cabot Lodge, of Massachusetts, one of the best known men in American public life, is in serious condition today in the Charles Gate hospital, following an emergency operation for bladder trouble.

Senator Lodge is 74 years old and the attending physicians feared that his advanced age might retard recovery. He was stricken at his summer home at East Point, Nahant, and removed to the hospital where his ailment was diagnosed as obstruction of the bladder.

Dr. John H. Cunningham decided that an immediate operation was necessary. It was performed at 4:30 o'clock Sunday afternoon. It was understood that the surgeon, in consultation with other practitioners, decided that another operation would be necessary.

Senator Lodge was resting as easily as could be expected during the morning. It will be probably 12 hours before the attending physicians can decide definitely whether the senator can recover.

Ever since his return from Washington a fortnight ago, Senator Lodge has been in precarious health and has been under the care of Dr. Frederick Winslow of Boston. He suffered a relapse Sunday and Dr. Cunningham was called in.

Dr. Cunningham, after examining the patient, decided that a quick operation was necessary. The senator was in great pain, and cheerfully consented to immediate removal to the hospital, which is a private institution.

After recovering from the effect of the anesthetic, Senator Lodge appeared cheerful. A bulletin issued just before midnight said that the senator's condition was "satisfactory."

Senator Lodge's general physical condition has been good for years, and he enjoys a strong constitution, which afforded the doctors with the chief hope for his ultimate recovery. The bladder affection, however, dates back for some time.

To inquiries at nine o'clock this morning, regarding Senator Lodge's condition, Dr. Cunningham, who performed the operation replied:

"Nothing much can be told for another 24 or 48 hours. He is in a serious condition."

HUNT OCTOGENERIAN WHO KILLED KIN IN CONNECTICUT WILDS

Pomfret, Conn., July 28. (INS.)—State policemen spent the night and early today seeking traces of Benjamin White, 80, who yesterday afternoon shot and killed his brother Edwin, 72, and wounded David Mairson, of Hartford, who is about to marry Edwin White's daughter. The slayer escaped, carrying his rifle with him. Mairson's wounds are slight.

It is believed Benjamin objected to Mairson as Miss White's future husband.

Benjamin is an expert woodsman and familiar with the wild country to which he fled.

STATE DEPARTMENT DEMANDS PERSIANS MAKE REPARATIONS

Washington, July 28. (INS.)—As the result of the murder of Major Robert Imbrie, the American vice consul at Tehran, the United States government has served a vigorous demand on Persia for the protection of American lives and interests. In that country, it was announced officially at the State Department today.

The American note was lengthy but blunt, no words were minced in making it plain to Persia authorities that the United States regarded the killing of Imbrie as serious and that adequate reparations will be expected. It was demanded that the Persian government make full and complete reparations to Mrs. Imbrie on account of the killing of her husband, that the Persian government should provide a military escort to accompany the vice consul's body to a port for transportation to the United States and that the Persian government should pay the expense incurred in sending a United States battleship to Persia, to bring back the body.

169 LIVES LOST IN COLLISION OF JAP STEAMERS SUNDAY

Tokio, July 28. (INS.)—The Japanese steamship Tairo Maru, which was in collision with the Shinso Maru off the coast of Hokkaido on Sunday, sank today with the loss of 169 lives. Twenty persons were rescued and landed at the village of Notore. Owing to the isolation of the spot, rescue was difficult.

ACCIDENT ROSTER FOR THIS REGION WAS QUITE FULL

Several minor automobile accidents occurred in this region Saturday evening and Sunday.

Saturday evening while driving toward Curwensville, accompanied by Mr. Bischoff, of Pittsburgh, O. B. Porter in his roadster banged into the rear end of an empty hay wagon. The accident occurred just below the water trough at the Hoyt farm. Mr. Porter's car was considerably damaged but no injuries were sustained by the car's occupants.

The accident was due to the fact that the hay wagon was traveling without a light on its rear end.

The Buick Six, of John Hunter, of the West Side, and an Oakland driven by Joseph Hewitt, of Bald Hill, arrived at the east end of the Second street bridge about the same time last evening, about 8 o'clock. The Hunter car, which was being driven by Harold Boath, came out Bridge street while Mr. Hewitt was coming down Second street, when the accident happened.

The driver of the Hunter car stepped on the gas in an effort to avoid a collision when he shot out of Bridge street into Second and managed to get by with nothing more serious than a damaged rear fender.

The Oakland ran past the entrance to the bridge and straddled the New York Central tracks on the river bank before Mr. Hewitt could stop. Each car contained several people, but no one was hurt.

Tony Borac, of Philipsburg, was brought to Clearfield last evening by State Motor Patrolmen and lodged in jail charged with driving a car while intoxicated and on a 1923 operator's license.

Party was on his way home from a visit to this section about 9 o'clock last evening. He is said to have been traveling like mad down Meek's hill, just beyond Blue Ball. Judd Carns, of Paradise, was coming from the Philipsburg region with his wife and family in his car and had reached the turn near the school house when he saw Borac approaching. The car was wobbling across the road, he claims, and in an effort to get out of the way, Judd attempted to turn into a road to the left leading from the main highway. He was unable to escape as the Borac machine struck his car just back of the middle and but for a high bank would have overturned it.

A crowd quickly gathered and soon State Patrolman Romanio was on the scene. He arrested Borac and in searching his car for liquor unearthed a wicked looking automatic revolver from under the front seat cushion.

Both machines were pretty badly smashed up in the collision.

FALSE ALARM SATURDAY NIGHT

A burning rubbish pile over at the Kerr Addition Saturday evening last caused some easily-excited individual to send in a fire alarm. The out-of-town alarm was sounded on "Old Mooly" and the firemen promptly cleared the deck for action, but had their labor for their pains.

Miss Edna Hughes, one of the accommodating clerks in Prothonotary Ralston's office, is enjoying her vacation this week at the home of her uncle in Ohio. She will return next week by automobile.

Mr. and Mrs. Clir Young, of Woodland, motored to Williamsport and Jersey Shore on Sunday and spent the day with Mr. and Mrs. C. A. Young.

PROMINENT TEXAN MISSING TWO WEEKS, FOUND IN PITTSBURGH

Pittsburgh, July 28. (INS.)—E. W. Leininger, 56, of Houston, Texas, President of the Southwestern Oil Supply Company, is held at the St. Francis Hospital here suffering from the delusion that he is on an ocean liner on his way to Europe. Leininger was arrested Saturday, as stated exclusively by International News Service Saturday night, after it was alleged he had broken a window in an office building, and lodged in the North Side jail.

Police yesterday received a telegram from his brother M. G. Leininger that every care be taken of the man and Mr. Leininger was removed from the police station to a hospital awaiting the brother's arrival. Leininger disappeared two weeks ago from Houston and a country wide search was made for him, the telegram said.

Leininger registered at a hotel here July 20 as a salesman for the company of which he is President.

When arrested the Southerner had in his possession a railroad ticket from Houston, Tex., to Atlantic City, N. J.

Official Board Of The U. M. W. A. Meet Here To Tell Miners To Vote For La Follette And Wheeler

The Official Board, consisting of the district officers and executive committee of District No. 2, U. M. W. of A. to the number of 25 persons, met in the office of district headquarters at Clearfield on Saturday last and after a full and free discussion of the issues now confronting the people, together with the candidates and platforms of the Republican, Democratic and Progressive parties, it was unanimously decided to endorse Senator Robert Marion La Follette, of Wisconsin, for President, and Senator Burton K. Wheeler, of Montana, for Vice President.

It was the sense of the meeting that Messrs. La Follette and Wheeler were the hope of the working people in the coming campaign and all present pledged their every effort for their election in November.

President John Brophy, who represents District No. 2 on the state executive committee of the Association for Progressive Political Action, announced at the meeting that a call for a meeting to organize this, the 23rd congressional district for the La Follette ticket, would be issued in the very near future. This meeting will be held in Clearfield.

Globe Circlers Are Now Scheduled To Take Off From Bingham Wednesday

Brough, Eng., July 28. (INS.)—The United States army round the world flyers under command of Lieut. Lowell H. Smith, made their final arrangements today for the Transatlantic hop off of their epochal flight.

Floats, which had been fitted to the three Yankee planes were tested out in the estuary of the Humber river.

The airmen, up to noon, had not received word from Admiral MacGruder, U. S. N., that the supply and safety ships were all in their appointed stations. The aviators are under orders not to start until Admiral MacGruder sends this information.

If the weather is favorable the aviators expect to start for Kirkcubbin at dawn Wednesday.

ENGAGEMENT ANNOUNCED

At a surprise shower given the bride to be at her home on Hamah street, Thursday evening last, the engagement to wed of Miss June Ross and Mr. James Hickok, well known and popular local young people, was announced.

The evening was enjoyably spent in games and music while delicious refreshments were served. The wedding will be an event of the near future.

Mrs. Ida Townsend, of Williamsport, who fell and broke her right arm at the wrist while on a shopping trip on Market street Friday last, is a patient at the home of her mother, Mrs. Mary Sutton, on Locust street.

ALIENISTS PREPARE WAY TO SAVE BOYS FROM THE GALLOWS

Chicago, July 28. (INS.)—“Mostly Piffle.” This was the curt comment of State's Attorney Robert Crowe today on the report of the alienists for the defense, who will try to save “Babe” Leopold and “Dicky” Loeb from going to the scaffold for the murder of little Bobby Franks.

By GEORGE R. HOLMES
(I. N. S. Staff Correspondent.)

Ignoring and somewhat contemptuous of the preliminary report of the defense alienists, finding Nathan Leopold, Jr., and Richard A. Loeb having records of “abnormalities since childhood,” the state went methodically ahead today in the court room of Justice John R. Caverly, building ever higher the mountain of evidence upon which it hopes to send the young collegians to the scaffold for the murder of little Bobby Franks.

Handwriting experts, typewriter experts, policemen, taxicab chauffeurs and others went in and out of the witness box today, each contributing his bit to the mountainous pile of information already collected in the case.

The documentary evidence in the case, the various ransom letters written to Jacob Franks demanding \$10,000, was identified by John F. Tyrrell, handwriting and document expert, as having been written on an Underwood portable typewriter.

The signatures “George Johnson” and “Morton D. Ballard,” used by both Leopold and Loeb in the working out of the plot were identified by Tyrrell as having been written by the pair.

Enormous photographs of the type on the machine on which the ransom letter was written had been prepared, and similar evidence prepared by the experts, but it all went for little, for the defense counsel, Clarence Darrow, blandly waved it all aside, and said:

“We admit it all. No cross examination.”

The state made rapid progress today toward closing its case. When the noon adjournment came only a few witnesses remained before the case of the state against the boys is completed, and Crowe said he would probably conclude by tomorrow.

Then the “battle of the century” between the alienists will begin—the defense will prove that while not legally insane, the young defendants are so abnormal as to make it “criminal” to hang them; and the state contending that they are sane and responsible for their acts.

By GEORGE R. HOLMES
(I. N. S. Staff Correspondent.)

Chicago, July 28.—Legally they are sane. Pathologically they are queer. Morally they are twisted. Mentally they are far advanced, but their fine intellects are distorted and crooked.

This, it was revealed today, is the verdict of the defense alienists; the men of science, after exhaustive and minute examination, into the lives, characters and habits of Nathan Leopold, Jr., and “Dicky” Loeb, the 19-year-old youths who kidnapped little Bobby Franks and then mashed his head in with a cold chisel just for the adventurous thrill of the thing.

The scientists will spread their opinions upon the records of Justice John R. Caverly's court this week in an effort to save the necks of “Babe” and “Dicky.” Their conclusions, many of them as weird as the crime itself, will constitute the “mitigating circumstances” of this unusual, unnatural murder.

It is these “mitigating circumstances” that Justice Caverly will be asked to consider when making his decision as to whether the dapper young intellectuals shall hang or be sentenced to the penitentiary for life.

Loeb was the “master mind,” according to the alienists. The girls used to call him “Angel Face Dicky.” Behind that angelic mask, the scientists claim, lies an intellect as fully developed, and a moral being as twisted and terrible as that of “Mr. Hyde” of Dr. Jekyll and Mr. Hyde.

Loeb was the “other national villain,” Leopold, the shieklooming, accomplice who knows the Lord's prayer in 16 different languages, who translates Sanskrit and Arabic as easily as

CHURCH PEOPLE HEAR OF GOD'S CLAIM ON MAN'S POSSESSIONS

West Side Methodists turned out in great numbers yesterday to hear the Rev. Dorsey N. Miller, D. D., a former West Side boy, deliver two stirring sermons at the regular services in the tabernacle. Dr. Miller, who is pastor of the Fifth Street Methodist Episcopal Church in Harrisburg, came to Clearfield to help the West Side congregation in their drive for \$25,000 to complete the Sunday school and social rooms of their new church building and the success of yesterday's services was largely due to his masterful presentation of the claims of the Master upon the lives and possessions of man.

At the Sunday school session Dr. Miller gave a short talk on his experiences in the old church that was torn down a year ago to make place for the handsome new edifice now under construction. The classes and organizations of the Sunday school represented by the 645 scholars present yesterday, subscribed handsomely to the building project when the matter was broached by Dr. Miller.

“The Imperfect Church” was the subject of Dr. Miller's sermon at the morning service, in which he pictured

REV. DORSEY N. MILLER, D. D.

the success that has attended the efforts of imperfect humans in their endeavors to establish the church of God on earth. All the imperfections of the twelve apostles were reviewed and incident upon incident related showing how they accomplished the seemingly impossible in establishing the early church and spreading the gospel message throughout the world.

Another great congregation gathered at the evening service to hear Dr. Miller's sermon, monologue, “What Happened When the Church Bells Did Not Ring.” With all the rich vigor at his command, Dr. Miller portrayed the confusion and bewilderment that attended the closing of the churches in a certain community where they seemed unnecessary by reason of the neglect of two-thirds of the people to attend of support them. Many home-illustrations were used with fine force in bringing home to his hearers the utter impossibility of peaceful, happy community life without the aid of the church.

At both the regular church services Dr. Miller opened the way for further subscriptions to the fund now being raised by the West Side Methodists and the people responded most liberally. A continuation of the campaign which was carried on in the business section of town the past week will bring the work of the West Side Methodists to the attention of every family residing in that community.

PURCHASED AYRSHIRE CATTLE

According to information received from Fred Wilson, of Clearfield, the Ayshire Breeders' Association of Brandon, Vermont, has purchased his first registered Ayshires. He begins with this noted Scotch dairy breed when it is rapidly increasing in favor with dairy farmers because of its hardiness, longevity and its economical production. The calves are strong and healthy at birth and are easily raised so it will not be long until he has a whole herd of these Red and White profit makers.

Mr. and Mrs. Arthur Barnhart and daughter, Monabelle, Mr. and Mrs. Ed Houser and children of Clearfield, and Miss Margaret Houser of Irvonia, motored to Philipsburg Sunday where they were joined by Mr. and Mrs. Ed Gates and daughter, Leona, and all spent the day picnicking on the mountains near Philipsburg.

GRAND GRANDSTAND WILL BE READY FOR FAIR SEPTEMBER 23D

The big concrete and steel grandstand being erected at the Clearfield Park is coming along in fine style and both contractor and park directors are satisfied the big building will be completed and ready for the accommodation of the thousands of fair patrons at Clearfield County's Big Fair, which opens September 28d.

The framework or superstructure for half the stand is already erected, while the concrete has already been poured for one section or about one-fourth of the structure.

It has been found that the six or eight maple trees now located along the fence paralleling the “home stretch” would interfere with the clear vision of spectators from a part of the stand, and it has been decided to do away with the trees at this point.

Instead of cutting them down or destroying them, the trees will be removed bodily and planted in another section of the big park.

The three thousand chairs needed for the stand have been ordered and will be here in time for the contractor to begin placing them about the first of September. The grounds around the stand, and as far west as the old “White House” or agricultural building, will be underdrained and graded up to conform to the conditions about the new stand, the entire improvement will add that finishing touch needed to make the Clearfield Park one of the very finest recreational grounds in this section of the state.

HASTE KILLS FOUR, INJURES FIVE NEAR WILLOW GROVE, PA.

Philadelphia, July 28. (INS.)—Four people were killed and five seriously injured here late yesterday when a fast-moving train struck an automobile in which seven persons were riding near Willow Grove.

The train struck the automobile squarely in the center, dragged it 50 feet or more and then flung it into a gully at the side of the tracks. The engine turned turtle from the force of the impact, killing the engineer.

The dead are Mrs. Morris Stein; Mrs. Helen Moringstar, Jerome Moringstar, 12, her son, and George E. Maxheimer, engineer, all of Philadelphia. The injured are: Julius Stein, Mrs. Julius Stein, Leonard Stein, Elaine Stein, all of the same family, and Roy Templeton, fireman.

According to witnesses, several automobiles were waiting for the train to pass, when the machine bearing the victims drove past them, squarely into the path of the train.

FUNERAL OF MRS. LEIPOLD

The funeral of Mrs. George Leipold was held from the home of her son, Dr. F. D. Leipold at 3 o'clock Saturday afternoon. The services were in charge of Rev. J. W. Shannon, D. D., of Mt. Union, Pa. Interment was made in Hillcrest cemetery.

Among the out-of-town people present were: Dr. and Mrs. J. W. Shannon, Mr. and Mrs. C. H. Fetterolf and Mr. and Mrs. C. V. Hockman, of Mt. Union, Pa.; Mr. and Mrs. J. J. French and son Harold, of Gettysburg, Pa.; Mackie and Ray Behn, of Westfield, Pa.; and George D. Benn, of Coalsport, Pa.

Mrs. L. A. McDowell entertained last week at her home on Second street. The decorations were unusually beautiful, the house was a perfect bower of Dorothy Park roses. The center piece on the table was of yellow pansies while the place cards and favors carried out the yellow color scheme.

GERMANY TO HAVE ACTIVE SAY IN LONDON CONFERENCE

Berlin, July 28. (INS.)—It was learned from an authoritative source this afternoon that an invitation is on the way to Berlin for Germany to participate actively in the inter-allied conference at London. German delegates will leave Wednesday.

ODDS AND ENDS AND THINGS

By J. D. C.

Complete plans for a proposed Pan-American monument, to Christopher Columbus in the form of a tomb topped by a lighthouse 150 feet higher than the Eiffel Tower, were displayed last week in New York City at a dinner in honor of William E. Pulliam, receiver general of customs for Santo Domingo, who conceived the memorial and has been largely responsible for its promotion.

The estimated cost of the memorial is \$2,100,000, which, under a plan approved by the Pan-American Union, is to be raised by 21 countries of the two Americas. The United States is expected to contribute \$400,000. When completed, the monument would stand on Torrecilla Point, in Santo Domingo Harbor, the light flashing a four-ray beacon visible 200 miles.

A dome-shaped roof, according to the plan, will shield the base of the monument and inclose a final tomb for the remains of the discoverer of America. Its outer surface will be of glazed material, a miniature of the upper hemisphere of the earth and portraying the voyages of Columbus.

A park will be adjacent to the monument, with a lagoon, in which it is planned to float three ships, exact copies of the Santa Maria, Nina and Pinta. It is planned to remove Columbus' remains from the Cathedral of Santo Domingo and place them beneath a crystal ball representing the earth, which is to be in the center of the crypt.

A mile of city distribution lines will serve from 30 to 100 light customers. In the country they average only about three to the mile. This is why city service costs less than country service. It costs less to get to the city patron.

The "east end" of a town is generally the poor end, while the west end is generally the aristocratic section. There are few exceptions to this rule, if any, and the most natural explanation is that in countries of the Atlantic seaboard, the prevalent wind is from the west and southwest, and that, therefore, the richer classes naturally select their residences as far to windward as possible, in order to

avoid the smoke and grime of the city proper.

Probably the most satisfactory explanation is that the time of leisure and recreation coming towards the close of the day, people of all time have naturally turned their steps to the brightness of the westerly sky. And so in course of time the West End became the quarter of leisure and wealth.

The "call of the wild" is being heard and answered by many hundreds of people throughout this region these days. Many of these drive out to the home of Game Keeper Reardon's prize collection of deer, bear, view his zoo. Since mention of Mr. Reardon's prize collection of deer, bear, coon, hawk, vulture and other denizens of the wild was made in a recent issue of the Progress, visitors have increased by the hundreds. On Sunday, July 19th, 1000 people visited Reardon and his zoo. Yesterday 1500 registered there. At one time in the forenoon two hundred cars were parked about the place, while license plates from twelve different States were noticed among the number.

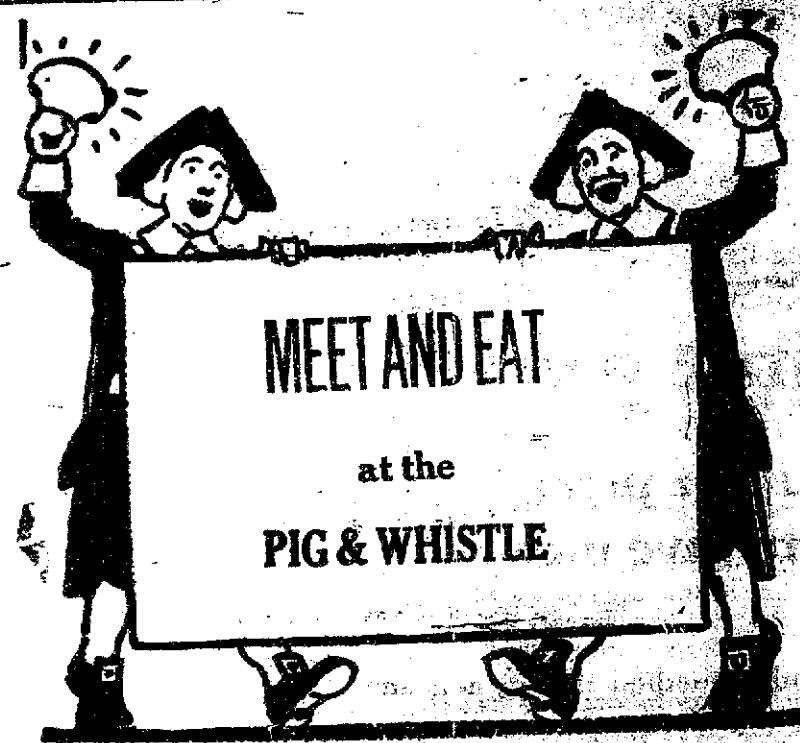

KIWANIS CLUB HONORS FORMER CLEARFIELDER

The Morehead, Ky., Kiwanis Club held its regular meeting last Friday evening in the public school building with a large and enthusiastic crowd in attendance to witness the presentation of a Kiwanis Pin on behalf of the Club. The presentation speech was made by Pres. Frank Button of the Morehead State Normal. Mr. Snyder was greatly surprised and responded with a short address praising the citizens of Rowan county for their splendid fellowship. Mr. Snyder has lived in Morehead 18 years and has endeared himself in the hearts of people of his community.

Aristocratic Plumbing

compared with that of a half century ago is a revelation. The ordinary bathroom of today rivals that of a millionaire fifty years back, and yet every year marks further progress towards perfection in sanitary plumbing. This is the class of work we are ambitious to turn out right along, and we are succeeding.

ALIENISTS PREPARE WAY TO SAVE BOYS

(Continued from Page One.)

as does French, was Dicky's "slave." "Dicky" led, "Babe" followed. The inspirational genius of "Dicky" conceived the cold chisel murder of innocent little Bobby Franks, the fine cold intellect of Leopold supplied the practical means of carrying it all out.

The alienists, Dr. Carl Mordock, Bowman of Boston, and Dr. H. S. Hubert of Chicago, say all this. They base it on their study of the boys, and they say it is a story that is longer than any full length novel.

Taken as a whole, the report of the two psychiatrists constitutes perhaps the most amazing, weird and fantastic record of psychological and pathological analysis ever laid before an American court of law.

Both boys, the alienists found, have a record of crime that goes back to their knee pants days. When they were little fellows they stole their playmates' things, they broke windows and they were cruel to other children.

When they blossomed from short pants into long pants they swiped automobiles and read tales of crime.

They were always looking for "thrills."

As they grew older, and their naturally fine mind began to flower, they became absorbed in the literature of crime, and they often planned "the perfect crime."

One of the few "perfect crimes" in their lexicon was the kidnapping of Charles Ross. That is still an unsolved mystery, and both Loeb and Leopold had this in mind when they kidnaped little Bobby Franks and later hammered his skull in with a tape wrapped cold chisel. The alienists believe that, anyway.

Had not Leopold, "the slave" lost his chances near the silver into which they stuffed Bobby's naked little body, they might have gotten away with another "perfect crime."

The alienists reported they could find no trace at all of any remorse on the part of either student. They asked Loeb if he would do it all over again, if he knew he would not be caught, and he told them:

"Yes, I believe I would if I could get the money."

"The patient lists as his reasons for committing the crime," said Dr. Mordock and Hubert, the following:

"First the pleasure of planning the crime.

"Second, the notoriety which the papers would give the crime, and the fact he could talk it over with others

and get a thrill from the feeling of superiority, in that he knew the facts of the crime and they did not, and

"Third, the money to be gained."

Loeb's sensations as the blood spurted from little Bobby Franks' head were described to the doctors, as follows:

"I got great excitement, great beating, which was pleasant. I was cool and self-possessed. I had quite a time in quieting Leopold."

"I cooled him down in five minutes after we got him (Franks) in the back seat, thinking him still alive."

"He bled a lot," Leopold said. "This is terrible, this is terrible. I told him it was all right and joked and laughed. Possibly it calmed me, too, the joking and laughing."

It was typical, perhaps of their egotistic feelings of intellectual superiority that each thought of killing the other. Both carried guns, and the same thought occurred to each of them at various times in their plot.

Loeb said to his examiners concerning Leopold:

"If I could have snapped my fingers and caused his heart to stop beating I would have done so."

"Intellectual superiority"—this applied to the alienists as the underlying motive for the whole bloody, sordid business; it appears to them to be the obsession in the back of each boy's over-developed brain.

Such mundane, prosaic creatures as detectives and corner cops seldom entered into the crime phantasies of Dicky Loeb. They held little place in his dreams. He was superior. They were cattle.

"In his phantasies about crime," said the doctors' report, "the patient (they refer to him as the patient) gradually commenced to imagine himself doing all sorts of crimes."

He would work out a wonderful plan for crime that would stir the whole country and never be solved. And he alone was to know the solution.

Detectives, police, lawyers and all of the 110,000,000 people in the United States were to be thunder-struck and horrified and ignorant, and Dicky Loeb alone was to know the real truth.

That, according to the scientists, was to Dicky Loeb "intellectual superiority."

Milk is Better Than Medicine

Just a modern interpretation of the old proverb about the ounce of prevention. When you stop to consider that there was nearly a quarter billion dollars spent for patent medicines in this country during last year, that means about \$2.50 for every man, woman and child in the country. This does not include the medicines dispensed by pharmacists, which amounts to a vast sum.

We will not say that milk will avoid a lot of this expenditure of money, but we do say that a plentiful diet of milk every day will remove many of the causes for need of medicine. Many physical troubles come from that common ailment, malnutrition. The body is weak and its resistance to disease is low. Keep your resistive powers high and you'll throw off diseases, even some which are considered highly contagious.

Put milk on your diet and keep it there in plentiful amounts and you'll find that you have less sickness.

AND BE SURE THE MILK YOU DRINK IS PASTEURIZED MILK.
PASTEURIZATION IS YOUR PROTECTION AGAINST GERM-IMPREGNATED MILK.

"LICK THEM ALL": PHILIPSBURG IS TRIMMED 12 TO 2

Captain "Solly" Robinson and his baseball warriors demonstrated by their actions last week that they can lick any and every dern team in the C. & C. League, right now, by heck! As proof of this, might be suspected, rash statement, we want to rise to remark that they did just that last week. Downed all three in a row. Osceola "bit the dust" on Tuesday 9 to 0. Clearfield fell by the wayside Thursday afternoon by the same score, 14 to 0. To even an old score, Phillipsburg was given a whale of a drubbing on Saturday afternoon on their home lot, when the locals manhandled them to the tune of 12 to 2.

It Was Some Game.

Those present at Saturday's game were sure given a "run for their money." That is, of course, if they were Clearfield adherents. Our own played big league ball from start to finish, on both the offense and defense, but a single misplay in the field being charged against them, while they banged out 14 hits, with a total of 20 bases.

Cowdick did the pitching for the locals, and he was at his best, which is mighty good. The Phillipsburg sluggers were powerless in his hands and managed to garner but six hits.

In addition to Cowdick's fine twirling and the terrific batting of his teammates, the work of McCloskey and Bailey in left and centre fields astounded the spectators. Such fly catching was never witnessed before on Scott field.

Sluggers Bowles led the locals at the bat, he having four slashing singles to his credit. Bill Fauver, Shaulis and Peterson also continued their good work with the willow, each registering his usual two hits.

The score:

FIRPO - WILLS FRAY IS SCHEDULED FOR SEPTEMBER 11TH

By LEE CONKLIN

(I. N. S. Staff Correspondent.)

New York July 23.—Luis Firpo and Harry Wills will clash on the evening of Thursday, September 11, at Boyle's Thirty Acres, Jersey City, under plans being completed today by promoter Tex Rickard. The winner will be matched with Jack Dempsey.

The fight, originally scheduled for September 5, was postponed so that the Prince of Wales might attend. Rickard announced. The Prince is to be a spectator at the international polo matches at Meadowbrook, which will end September 10.

Rickard's announcement followed a conference with Firpo and a telephone conversation with Paddy Mullins and his Senegambian fighter, now in training at Southampton, L. I. Incidentally Mullins told Rickard heavy wagers had been placed at Southampton with Wills the favorite by 4 to 5.

Ringside seats at the bout will cost \$25, Rickard said. This is the limit allowed by the New Jersey boxing

law. Twenty thousand general admission tickets will be available at \$2 and \$5, with reserved seats at \$5, \$10, \$15 and \$20, the promoter announced.

It was believed today that Firpo would train at White Sulphur Springs, Saratoga, where Dempsey got into shape for his bout with the wild bull. The Argentine fighter will probably leave for Saratoga in a few days with several sparring partners.

Paddy Mullins denied reports that Wills would complete his training in Massachusetts. He said he was well satisfied with the Southampton quarters.

Some alarm was felt by followers of Astoria today at the efforts of the New York Civic League to deport Firpo. The league's sudden interest in pugilism comes as a result of the deportation of the fair Senorita Blanca Lourdes, who arrived here from Havana last week with Firpo, but was deported because of irregularities in her passport.

The movement to oust the wild bull is being pushed by Canon William S. Chase, head of the Civic League.

America's honor is at stake," Canon Chase said today. "If America admits a prize fighter because he will bring large gate receipts to certain people but turns out his woman com-

panion, whose morals are certainly no worse, then we will be disgraced in the eyes of the world."

Made for pipes—cut for pipes
—packed sensibly to save money

NOW it can be told. Three years ago we decided to revive a famous old secret method of mellowing tobacco—"Wellman's Method", it was called.

For three years we have been quietly trying it out—we, and about a quarter-million shrewd pipe-smokers who discovered it for themselves.

No whirlwind campaigns, no "special offers", no extravagant claims; Granger Rough Cut has made good on its taste alone. There could be no better proof of its quality. Now we are ready to "tell the world".

An extraordinary pipe tobacco. "Wellman's Method"—now ours exclusively—not only mellow tobacco, but "rounds it out"—gives it a new taste, richer and milder.

There's no other method like it, nor any other tobacco like Granger.

And not only differently mellowed, but cut differently—cut for pipes. The Rough Cut burns more slowly, hence smokes cooler—and a pipe-load lasts nearly twice as long.

And finally—notice the package. If Granger Rough Cut were packed in fancy lithographed tins, it would cost 15 cents.

But wrapped in smart heavy foil, you get this fuller, longer, cooler smoke at a third less cost. Foil instead of costly tin—hence the price.

Too good to be true? Ask any man who has tried it. Better yet—get out your pipe!

Granger Rough Cut

A Pointer on Tobacco—

The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to "cut" slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

EXECUTION OR IMPRISONMENT

Loeb and Leopold, killers of the Franks boy in Chicago, admit their guilt. Their counsel makes no special plea for them. Their relatives are reconciled to their punishment. It becomes merely a question of what the punishment shall be.

There are three possibilities. They are execution, life imprisonment and imprisonment for less than life. The decision will be up to Judge Caverly, after prosecution and defense have submitted the testimony they consider pertinent to help him decide satisfactorily.

Presumably the judge has no prejudice, at least conscious, against capital punishment. Yet, clear as the case appears, and utterly without moral or legal defense, it will be a hard matter to decide whether to send those boys to the gallows, or to prison for life as the defense desires.

Meanwhile the American public itself is judging the case. What does this great national judge think? It would be worth knowing. If a majority of Americans do not desire the execution of Loeb and Leopold, capital punishment is surely doomed in this country.

POLITICAL PERSONALITIES

One of the presidential candidates is said to have expressed a desire that the campaign shall be free from "personalities". That is, that it should be free from personal attacks and recriminations against the various candidates.

This would be the ideal way to conduct a serious and important campaign. A political contest of national dimensions is supposed to be concerned with issues rather than individuals. The principles for which the parties and candidates stand should be the chief subjects of discussion. It is appropriate to go into the public records of candidates, for the light that will shed on the principles they may be expected to exemplify in public office. But it goes without saying, among intelligent citizens, that merely personal matters should be ignored.

Yet it is doubtful whether the campaign will be, or can be, fought on such a high plane. Even though all of the presidential candidates desire it, their followers are not so likely to avoid the temptation of resorting to personalities.

The average campaign speech, as everyone knows, deals with personalities more than issues. And for this the campaigners are not altogether to blame. Politics is a very human game. The public itself, being human, regards public men more as human beings than as embodiments of the principles they are supposed to represent.

Feeling, rather than deliberate thinking, usually determines political campaigns. Few citizens think abstractly about politics. The public as a whole feels and votes concretely, for men it likes and against men it dislikes. It will take long political evolution to get beyond that.

WASTED PEACHES

An efficient nation should be ashamed of such news as that recently sent out from the peach region in Georgia—and from other sections of the country at other times. Recent dispatches have announced that within a period of 10 days peach growers in Georgia have thrown away approximately 4,000,000 bushels of peaches, or 8,000 cars.

The reason for such wholesale waste is that the entire crop ripened at once this year and glutted the market to such an extent that growers could not get even shipping prices on them.

In Macon, on July 21st, peaches sold for eight cents a basket, not enough to pay for the baskets or crates in which they

ARE WE GAMES?

By FLORENCE L. TIES
Little girls cry and run, little boys fight back. That seems to be what is the matter with the modern woman, and the reason why she is not taking as large a place as she might take in the modern world of business and politics.

Miss Elizabeth Hall, assistant superintendent of the Minneapolis public schools, gave this interesting diagnosis of the case of the modern business woman at a convention of business and professional women held in her city recently.

Whether or not the trouble starts with the little girl who cries and runs, Miss Hall is right about the facts.

There are exceptions, of course. Every business woman who reads these lines will hastily chalk herself down as exception number 1. But the fact remains, and even exception will have to admit it, if she looks at the matter honestly, that women are not very good sports.

We do not accept rebuffs in good spirits. We do not fight back in the open. We cry and run away, and after we have dried our tears we pinch and scratch with little, sharp trouble-making words, or else we brood and pout and sulk.

What the average girl needs is a metaphorical course in boxing. At

least she must learn the art of looking out for herself in a little scrimmage, without resorting either to or rancor in the process.

Do men always meet the annoyances and petty quarrels of politics and business with an even temper? They do not. They sometimes descend to the most unsportsmanlike measures and the most childish attitude. But the fact remains that as a rule they are better sportsmen, differing, disagreeing sharply, even indulging in hot words without running away to cry.

It is too bad that we must teach our little girls to stand up for themselves in a fair fight. The older ideal of the little girl as the fair flower, the grown woman as the clinging vine, was a prettier picture.

But women have made their own choice. They have voted to enter the world of things as they are. They went right out and demanded that they be given a part in the game and not be left to sigh and applaud or the side lines.

Having been given what they asked for, it is only fair that in turn they should be made to learn the rules of the game.

Little daughters, then, are taught to win or lose cheerfully in a fair game, to stifle their tears at little hurts and sometimes, alas, even to fight back without malice or personal bitterness.

Miss Arlene Lansberry, who is a patient at the Rowles Hospital, is getting along nicely.

Miss Hazel Dixon, of East End, was greatly surprised Friday night when a number of her friends dropped in to enjoy the evening with her, it being her birthday. The evening was spent in playing games and dancing. At a late hour dainty refreshments were served.

Packed, and leaving no allowance for picking, packing and hauling.

And all the while there are millions of people who need the fresh fruit and who cannot get it, or who need the canned fruit in the winter and cannot afford to buy it.

There is certainly nothing very efficient or praiseworthy in such a situation. The growers can not be blamed particularly, or the shippers, or consumers. All, however, have a degree of responsibility and until they realize it and co-operate in solving such problems, all will have to suffer directly or indirectly from the situation.

Curwensville's Crown Column

Rev. John Collins, a former pastor of the M. E. Church in Curwensville, now of Altoona, was a town visitor yesterday.

Mr. I. D. Kerns, of Brockport, was visiting with kin folks on Thursday and yesterday.

Chas. Shade, a former resident of this place, now a section foreman on the Penna. railroad at Sandy Ridge, called on friends yesterday.

The Yellow Dog meeting at the new kennel over at the Park on Thursday evening was attended by some two hundred mongrels of the yellow hair. The session was opened by an address by Chief Cur Norris who recited some facts about the organization which was not clearly understood by the uninitiated, detailing the qualities of man which constituted the make-up of a Yellow Dog, and also the reason for choosing such a peculiar name for the order. After several preliminaries had been taken care of and hid under the desk, the task of instructing some seventy candidates in the mystic rites of dogdom was commenced. The class being of such a large number, only some half dozen of the choicest material was chosen to step forward on the trail and scent, the balance looking on and taking knowledge of what was about to take place. Chief Cur Norris did the honors, assisted by an able corps of assistants. There was fun galore along the line and during the entire process of turning human beings into dogs—so to speak. Candidates hailed from Clearfield, and a dozen other towns and hamlets, one running the trail clear from Chicago to join the pack. The proceedings were enthusiastic throughout the entire program. The American Legion Band was on hand and added their share in music. A program was marked out for the big Labor Day event and committees instructed in their several duties. The Curwensville kennel of "Yellow Dogs" will soon reach in membership the half thousand mark. The only thing to mar the occasion was the absence of "Skinny" Connelly, and several of his explanatory themes on the remedy patented by him to be used on old, mangy and decrepit curs. It was a good meeting anyway, and represented by men in every vocation in life.

What is needed out at the Park is some electric lights strung in among the trees at intervals on the grounds, to light the way.

Mrs. Letterio Errigo was summoned to New York City last Saturday by a telegram announcing the serious illness of her father, Vincenzo Anglisano.

Posters are out announcing the Rowles generation reunion which will be held in the Cathcart grove, near Olanta, but in Knox township. It is confidently expected that a branch from every Rowles tree will be present on this occasion. The event is scheduled for Saturday, August 16th, and a band from Curwensville has been engaged to furnish the music.

A young daughter was born in the

home of Mr. and Mrs. Furman Smith, South Side, at an early hour Saturday morning.

Raymond Smith who was an inmate and operated upon at the McKirk hospital Philipsburg, is home greatly improved.

Mrs. Mary Ann Fullerton, who has made her home with Mr. and Mrs. Joseph G. Fullerton for the past seven years, celebrated on Sunday her 84th milestone in life. We do not know of another old lady of her age, who is as healthy and active on her feet as Mrs. Fullerton is today. Her memory is clear on past events and she takes just as much delight in reading the papers today as she did when many years younger. She was a daughter

of John Ellinger, who lived along the old pike and near the 'Old Wild Goose' tavern. There are only three of the Ellinger family living today, viz: Mrs. Fullerton, Mrs. Frank Haney and Mrs. J. D. Smith. Mrs. Fullerton's husband, Frank B. Fullerton, died October 23d, 1915, at the ripe age of 78 years.

J. Roll Bloom, who was building forms for the Anderson Creek bridge was called to Philipsburg Saturday by the firm who employs him to perform similar work for a bridge at that point.

Henry Heitzenrath and family, including a number of relatives from a distance, held a sort of a family reunion out on the Park grounds on Sunday. There is quite a bunch con-

The trouble with being friendly TOM SIMS

Even if all the world is a stage the best way to act is natural.

When a wise man gets home late he tells his wife the truth so she will have no idea of where he has been.

The taxpayer thinks all inroads lead to the treasury.

The trouble with being friendly with the neighbors is they want you to keep their dog or cat while they are away on their vacation.

Fools rush in where wise men fear to wad.

If you don't get a vacation this summer you will be rested up by next year's vacation.

The best thing about being friendly is it leaves them the only many a man's opinion of a woman is formed by her dressmaker.

Those rising by airplane or plain air are liable to fall.

Walking isn't as good an exercise as riding in second hand autos.

When daughter comes to the door with red hands, she has been washing her face, not committing a murder.

Wish it took as long to spend money as it does to save it.

Love may be blind, but it can see an expensive auto.

Isn't it strange how temptations pick on married men?

OBITUARY

AGED LAWYER DIES

Mr. John Colvin Horton, Esq., a son of Elias and Almira Knox Horton, born at Spring Mills, Allegheny county, N. Y., April 1, 1843, died at the Blossburg Hospital, Wednesday afternoon July 16, 1924, of cirrhosis of the arteries with which he was affected but a week. The deceased was the oldest member of the Tioga county bar association in the point of date of admission, being admitted September 10, 1868.
Mr. Horton studied law with Hon. C. H. Seymour, of Tioga and on admission to the bar settled at Blossburg for the practice of his profession where he purchased a home and remained for many years. During the years of his legal business he was admitted to many of the bars of Pennsylvania among the Clearfield county where he practiced for a number of years being in partnership with Congressman Wm. C. Arnold, of DuBois, moving to Westfield in 1906 where he has since resided.
Mr. Horton was admitted to practice in the U. S. District Court, and the Superior and Supreme Courts of the state. He devoted all of the active years of his life to the practice of his profession.
Mr. Horton was united in marriage with Miss Effie M. Seymour, of Tioga, November 20, 1870 and they have five children, three sons and two daughters, Mrs. F. J. Sackett of this place, with whom Mr. Horton spent the declining years of his life, after the death of his wife, on January 27, 1920, and Mrs. C. L. Hancock, of Philadelphia. Besides these two children he is survived by brothers, E. S. Horton, of Westfield and Clarence Horton, of Lawrenceville, and sisters, Mary Horton of Lawrenceville, and Mrs. Myra H. Doane of Mansfield.
The funeral was held Friday afternoon at 3 p. m. at the home of a niece, Mrs. Charles Juppenatz, of Mansfield, Rev. Potter, of the Presbyterian church of Mansfield, of which church the deceased was a member, conducting the service. Burial took place in the Evergreen cemetery at Tioga.
Mr. Horton on coming to Westfield purchased a desirable property on Main street and has made his home there since. He conducted his law office up to a few weeks previous to his death when his feebleness made his coming to his office a task. He was appointed Justice of the Peace, and later elected to the office which he filled acceptably. He had six months to serve at the time of his death. Mr. Horton was a good citizen

and a respected one.—Westfield, Pa. Free Press.

The deceased was located for several years at DuBois and also served a term as Stewart at the Clearfield County Home.

GEORGE H. RICHARDS DEAD

Heart disease and resulting complications proved fatal to George H. Richards at the home of his son, Howard Richards, on Seventh street, Phillipsburg at 4 o'clock Saturday morning. He had been ill since early in March, and shortly after returning from Florida, where he has gone with the hope the trip would prove beneficial, his condition became serious. For weeks he has been confined to his bed.
George Henry Richards was one of the town's leading citizens, and is one of the best known men in the Center-Clearfield region. A butcher by trade, he had for years been a successful retailer, disposing of his business at the corner of Second and Pine streets to E. G. Olson last winter.
The parents of Mr. Richards were George H. and Anna (McClellan) Richards. The former died many years ago and the latter passed away at Osceola Mills more than a dozen years back. George H. Richards, Sr., was sheriff of Clearfield Co., back in the fifties, and it was while the family lived in Clearfield the subject of this sketch was born, Jan. 28, 1856. While residing at Osceola Mills Mr. Richards learned the butcher trade. Later he worked at the trade in different Phillipsburg shops, finally getting into business for himself. When the big fire swept out of the forests and virtually wiped out the town of Osceola Mills in 1875 George Richards made a successful rescue of his mother and brother who were surrounded by the flames.
In 1884 Mr. Richards came to Phillipsburg to live. He served on Council for twelve years, was a member of the Commercial Club, the Sphinx club, Loyal Order of Moose, Benevolent and Protective Order of Elks, the Red Men, Central District Volunteer Firemen's Association and St. Paul's Episcopal church.
On Oct. 15, 1879, Mr. Richards was united in marriage to Miss Mary Bloom of Curwensville, the ceremony taking place here in Phillipsburg. She died in 1910. One daughter, Iva, wife of Tyson Hoffman, of Trenton, N. J., and one son, Howard, of Phillipsburg, survive. Two children are dead. One brother, Ralph Richards, of Tulsa, Oklahoma, also survives.
The funeral service will be held at St. Paul's Episcopal church on Monday afternoon at 2:30. Rev. F. T. Eastman will have charge. Burial will be made in the Phillipsburg cemetery.

CHILD LOSES LIFE IN FIRE

One child was burned to death, a woman was injured assisting in the rescue of another child and a home was destroyed at Linden Saturday morning in a fire which followed the explosion of a gasoline stove.
The fire was at the home of Mr. and Mrs. Joseph Delino, in the section just east of the village of Linden which has been developed in the past few years.
Their daughter Jane, aged three years, was enveloped by flames from the explosion and her body was charred in the burning home.
The kitchen of the home was turned into a furnace by the flames, which were scattered to all parts of the room. Mrs. Delino seized her young child and tried to get out the door but was held back by the flames.
Mrs. Boyd Youkin, a neighbor, hearing the explosion, ran to the Delino home and aided Mrs. Delino in saving the child by breaking a window with her hands. She suffered severe cuts including a bad gash on one arm, and was slightly burned. The small frame dwelling was completely destroyed within a short time.

Lewis C. Lanich, a former Clearfield boy, and son Clarence, both successful business men of Buffalo, N. Y., who have been visiting relatives and old time acquaintances in Clearfield and vicinity, left this morning for their home. They found "Old town" wonderfully changed for the better. Mr. and Mrs. W. W. Shirey of McBride St. accompanied them home for a short visit. Mr. Shirey is a brother of Mrs. Lanich who will be remembered as one of Clearfield county's favorite teachers.

The trouble with being friendly TOM SIMS

Even if all the world is a stage the best way to act is natural.

When a wise man gets home late he tells his wife the truth so she will have no idea of where he has been.

The taxpayer thinks all inroads lead to the treasury.

The trouble with being friendly with the neighbors is they want you to keep their dog or cat while they are away from their vacation.

Pools rush in where wise men fear to wade.

If you don't get a vacation this summer you will be rested next year's by next year's vacation.

The best thing about being friendly is it leaves them the idea you are a man's opinion of a woman is formed by her dressmaker.

Those rising by airplane or plain air are liable to fall.

Walking isn't as good an exercise as riding in second hand autos.

When daughter comes to the door with red hands, she has been washing her face, not committing a murder.

Wish it took as long to spend money as it does to save it.

Love may be blind, but it can see an expensive auto.

Isn't it strange how temptations pick on married men?

OBITUARY

AGED LAWYER DIES

Mr. John Colvin Horton, Esq., a son of Elias and Almira Knox Horton, born at Spring Mills, Allegany county, N. Y., April 1, 1843, died at the Blossburg Hospital, Wednesday afternoon July 16, 1924, of cirrhosis of the arteries with which he was afflicted but a week. The deceased was the oldest member of the Tioga county bar association in the point of date of admission, being admitted September 10, 1868.

Mr. Horton studied law with Hon. C. H. Seymour, of Tioga, and on admission to the bar settled at Blossburg for the practice of his profession where he purchased a home and remained for many years. During the years of his legal business he was admitted to many of the bars of Pennsylvania among the Clearfield county where he practiced for a number of years being in partnership with Congressman Wm. C. Arnold of DuBois, moving to Westfield in 1906 where he has since resided.

Mr. Horton was admitted to practice in the U. S. District Court, and the Superior and Supreme Courts of the state. He devoted all of the active years of his life to the practice of his profession.

Mr. Horton was united in marriage with Miss Effie M. Seymour of Tioga, November 20, 1870, and they were born four children. Two of whom survive, Mrs. F. J. Sackett of this place, with whom Mr. Horton spent the declining years of his life, after the death of his wife, on January 27, 1920, and Mrs. C. L. Hancock, of Philadelphia. Besides these two children he is survived by brothers, E. S. Horton, of Westfield and Clarence Horton, of Lawrenceville, and sisters, Mary Horton of Lawrenceville, and Mrs. Myra H. Doane of Mansfield.

The funeral was held Friday afternoon at 3 p. m. at the home of a niece, Mrs. Charles Juppenatz, of Mansfield, Rev. Potter, of the Presbyterian church of Mansfield, of which church the deceased was a member, conducting the service. Burial took place in the Evergreen cemetery at Tioga.

Mr. Horton on coming to Westfield purchased a desirable property on Main street and has made his home there since. He conducted his law office up to a few weeks previous to his death when his feebleness made his coming to his office a task. He was appointed Justice of the Peace, and later elected to the office which he filled acceptably. He had six months to serve at the time of his death. Mr. Horton was a good citizen

Borough of Osceola Mills, County of Clearfield and State of Pennsylvania, bounded and described as follows: Being lot No. 417 on North side of Second Avenue, at the distance of 50 feet Westerly from the Westerly line of Blanchard Street, fronting 50 feet on Second Avenue and extending 100 feet width between parallel lines 100 feet, bounded on the North by land of Morris Liveright, on the South by line of lot No. 418 North 25 1/2 degrees East 50 feet; thence South 61 1/2 degrees East 50 feet to the Northwest corner of lot No. 410; thence along the Westerly line of lot No. 416, South 28 1/2 degrees West 50 feet to the beginning.

Being the same premises which Herbert Oldham, by Deed dated September 17, 1868, and recorded in Deed Book "152" page 250, granted and conveyed to the said George Oldham.

TERMS OF SALE: 25 per cent. of the amount bid at the time of the sale and the balance upon execution delivery of the deed for the premises on the date of confirmation of the same by the Court.

Why It Will Pay You To Trade In Clearfield

Ell-Jay Stores
5c to \$5

The Ell-Jay Stores Co. was organized Nov. 1922 at Philipsburg, Pa., and was incorporated in May, 1923.

From the beginning, the stores were very successful and were well patronized by an enthusiastic public. The Clearfield store has been doing a satisfactory business since its opening, although rather handicapped by the smallness of the room in which it is now located.

The motto of the organization has been to work on a very small margin of profit, depending mainly on a large volume and quick turnover of the stock. Nothing is sold over \$5.00 and prices are always kept down to the lowest possible figures.

Through their affiliation with the Clearfield store throughout the state, the Ell-Jay is enabled to secure the advantages of lowest prices on quantity purchases, and these savings are passed on to the trade.

Plans are now under way for the opening of several new stores, which will carry out the same policy as those now in operation.

A CITY OF UP-TO-DATE STORES WHERE

YOU GET THE MOST FOR YOUR MONEY!

The Progressive Business Firms whose ads. appear on this page have combined in presenting a series of articles designed to show the most skeptical of persons that it is to their best advantage at all times to Trade in Clearfield. All of the firms here represented have your interests at heart as well as their own and we sincerely hope these articles may be the means of a better understanding between the merchants and the public.

DIAMOND MOUNTINGS

Consider the many articles that diamonds can be reset into from the old style to the new. A solitaire ring, a bracelet, a bar pin, a fancy stone ring, a scarf pin or cuff links. Made of white gold or platinum. We can furnish many dainty designs.

HOWE'S JEWELRY STORE

This Store Is Run By Women Especially For Women

Most women hesitate about going into a store where they will be waited upon by men salespeople but this is done away with here and you also find that woman's taste prevails all thru the store in the styles, materials and colorings.

This store invites your inspection.

Why It Will Pay You To Trade In Clearfield

Co-operate. That's not a new word or expression. You've heard it before and you probably will say "I do co-operate." But do you really or is it that you are WILLING to co-operate but don't know how.

It is true that we will all give a portion of our time if requested and even help finance by digging down into our pockets for a given sum for some enterprise. We do that cheerfully. Then we forget about it. And we THINK we have done our part and co-operated to the utmost. But think a minute. Does that always constitute full co-operation or is it just the easiest way out without being called a slacker.

When a community decides to accomplish anything there is just one way to co-operate fully and that is to put your whole soul into it just as you would a private enterprise. You must have help, most assuredly, but sometimes it takes more than just a cash donation. Then we see the real community builder. He steps into the breach and does all that he possibly can until he accomplishes that which he sets out to do.

A very good example of co-operation was shown in an Iowa town recently. The town decided they should have a swimming pool for the young folks. A place where they could swim and dive and keep cool during the hot weather. Did they ask for cash donations and then let a contractor build the pool? They did not. They asked co-operation and they got co-operation. Every man in the city turned out, from the laborer to the doctor, from the poor man to the millionaire, and in a few days the pool was completed—built by men of the town with materials provided by the various merchants of the town. A project that would ordinarily have cost the city thousands of dollars was thus secured with little or no expense, and in less time, all because they CO-OPERATED.

But there are other ways to co-operate. Every time you spend a dollar in Clearfield you are co-operating to make Clearfield a bigger and better city in which to live. And every dollar that you spend with local concerns comes right back into LOCAL circulation to enrich you and your family. If the city as a community prospers, it naturally follows that you too must prosper. If the community does not prosper neither can you hope to prosper at the expense of the community.

A community which is enterprising, whose citizens are willing to work together and which can apply modern methods, is the community which will forge ahead. There is this difference however between individual and community effort in its narrow sense; an individual may succeed by applying a narrow and selfish view, a community cannot.

But though the individual may succeed and still be narrow and selfish his success does not depend upon the selfishness of his own life but rather upon the liberality and unselfishness of other people. So in reality therefore, the selfish man does not succeed because he is selfish, but because he lives in the midst of people who are inclined to be more generous than he himself is.

And so it pays us all to co-operate. To be generous in other things aside from money, and to pull together all for a better community. We want Clearfield to be attractive to other people. We want it to be attractive to our children, the future generation. We want them to take the same pride in it and love it as "Home." So let's see if we can't find the way to co-operate with that end in view. Let's begin by looking from our local concerns. Then let's watch the results. Next week we will tell you something of the children's part in the community, something which you perhaps have overlooked.

HAVE YOUR WIFE DO HER COOKING ON A FLORENCE RANGE THESE HOT DAYS

When you put a Florence Oil Range in your kitchen you have done much to take the drudgery out of housework. This modern stove gives intense heat, close up under the cooking. It is started quickly and put out by the turn of a lever. You can bake, boil, roast—cook any dish on the Florence Range that you can on a gas or coal stove.
